## Lower Computer Price Available, Firm Pres. Says

Mrs. Audrey Bruse, tax assessor-collector, looks over the new terminal installed in her office Monday for a new tax computer system. Related stories at right.

The president of the company which handles computer services for Randall County's tax office said Tuesday he can offer the tax office the same package offered by West Texas State University — at a far cheaper price.

John W. Warrick, president of PFC Computer Services, Inc., of Plainview expressed surprise Tuesday that the county is considering a change in computer services.

He said his firm was not contacted to bid on the increased services.

In fact, he said, the county tax office had never expressed a desire for increased services to his firm.

The Plainview firm has been handling tax office computerization for three years.

County commissioners Monday made an agreement in principle to a proposal presented by the WTSU computer center for a service package which will cost the county \$21,000 for the first year of operation.

Warrick, after reviewing the services which WTSU has said they will provide the county tax office in their package, said his firm is offering essentially the same package at a much lower rate.

Currently, PFC is charging the county about \$10,000 per year for its computer package.

Warrick compared the list of services his company currently offers and the list which WTSU proposes to offer and said it would be much more economical for his company to build on existing programs to offer the additional services than it would be to start from scratch on a computer system for the office.

He noted that his firm can offer on-line terminal service for the

tax office, an apparent prerequisite for any computer package for the county.

Included in WTSU's quotation presented Monday to county commissioners are several fees for a programmer (\$9000 per year) and system analyst time (\$4500).

"We never charge for programming," Warrick said, noting that programming is considered by his firm a part of the service offered. He said since his firm specializes in computer business for offices like the county tax office,

he can, through development of one program, thereby increase his services to other offices, also.

Warrick said his company also places identification codes on property in preparation for the tax computer conversion without charge.

The county is currently paying an Amarillo man to place identification codes on county property for the conversion to WTSU's computer.

"We also don't charge for the switch to the WTSU computer center system."

## County Accepts Computer System

County commissioners indicated initial acceptance Monday of a \$21,000 package of computer services which West Texas State University's computer center proposes for the county tax office.

Tax assessor-collector Mrs. Audrey Bruse was instructed by commissioners to review the WTSU proposal and university officials were asked to draw up a contract.

The contract is expected to be signed by commissioners Monday.

Three WTSU representatives presented the computer package to commissioners Monday and explained the services they offer for the \$21,000 first-year fee.

The fee includes \$4500 for system analyst development time, \$9000 for a full-time programmer, \$1100 for keypunching and \$6500 for testing

programs and running final rolls and reports.

Two hours before commissioners met with the WTSU officials, an on-line terminal for input to the WTSU computer center was installed in the county office.

Commissioners had also hired earlier an Amarillo man to place identification codes on county property in anticipation of the switch to the WTSU computer center system.

Commissioner John Fulgenzi was chief questioner at Monday's session and indicated he is still concerned about manpower needs in the county tax office after the office's functions are placed on computer.

Durwood Henderson, manager of the WT computer center, said second-year costs for the computer system would be about 25 cents per item.

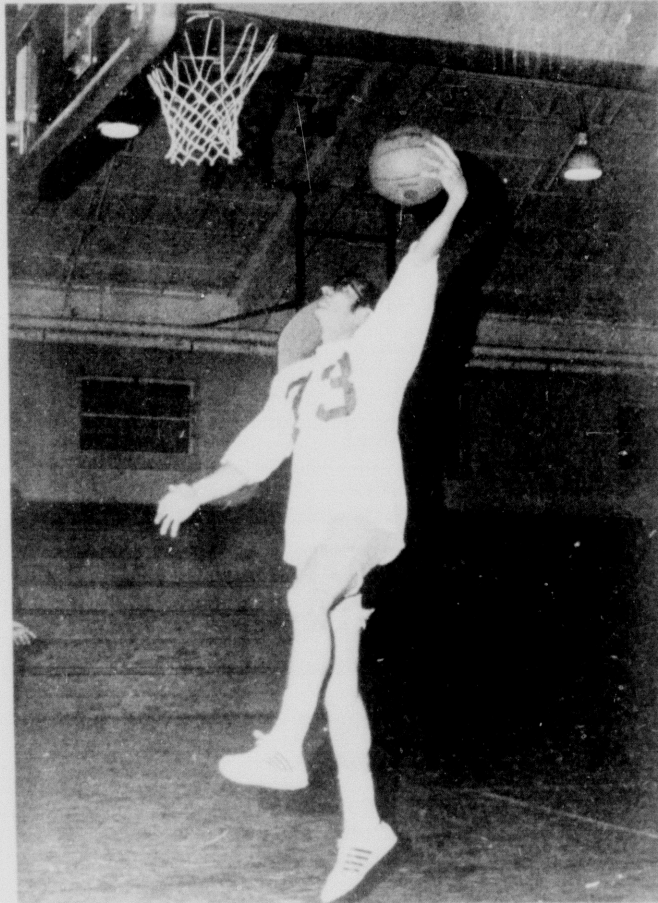

"If we assume we have zero population growth can we cut personnel in the tax office?" Fulgenzi asked. "It seems like we wouldn't need as many people, there would be a personnel saving."

Mrs. Bruse stressed that during this first year of change-over, additional help might even be required to handle the switch. But, she said it is possible that there might be a cut in personnel after the first year.

In a projection of costs for the county system, Henderson states that a major item is the need for hiring a programmer to devote himself on a full-time basis to the development of the county program.

"The present workload and prior commitments of the West Texas State University computer center staff does not permit the undertaking of a project of this magnitude," the projection

(See SYSTEM, page 9)

Vaughn Nelson, professor at West Texas State University, tries his hand at hitting the net with the ball during early-week practice for the Canyon Chamber of Commerce versus KGCN Four Flusher game tonight at CHS gym. Story on page 2.

## Water, Inc., Thirsts For Interest Of Area Residents

The prognosis hasn't changed. Randall County and the Panhandle will be out of water in twenty to thirty years unless...

Unless water can be brought into the Panhandle for use in agriculture and municipalities...

Five years ago a newly formed organization made an almost vain plea for support in obtaining water for the Panhandle and South Plains areas. Today

the organization's plea is almost a whimper.

Panhandle residents are apparently unconcerned about a resource which will be sorely missed when the well runs dry.

"A lack of interest has stymied us," said Jim Fletcher, president of Randall County Water Association. "That's our biggest problem."

Fletcher outlined the brief history of the association in Randall County, a history which spans several years but few meetings.

"We had one meeting to organize a Randall County unit and elect officers and we had about 20 or 25 people there," he said. "We felt the poor attendance was due to a lack of interest and we had another meeting. The same people showed up for that one."

Fletcher is at a loss on how to motivate interest in the program.

"We need water so desperately in the High Plains area, it's a shame we can't get behind this program or any program to get water here."

"I don't really know the solution. If I did I'd be working on it."

Fletcher said he believes that part of the problem in lack of public support (which was brought to an embarrassing visibility in 1969 when Texans failed to support an amendment

to the state constitution concerning water importation) is the tremendous scope of the problem itself.

"It's such a tremendous program that it's beyond most peoples' imaginations," he speculated.

Another problem, Fletcher said, is that local residents don't

(See WATER, page 9)

## Harrison Files For Council

Incumbent City Commissioner Willis Harrison filed for reelection Monday, bringing to three the number of persons vying for the two open positions.

Harrison, a Canyon dentist, has served one full term on the commission. He was elected two years ago.

The commissioner said that he ran two years ago because he felt it was "a challenge that all citizens have to serve their community." He said he was seeking reelection for that same reason.

Dr. Harrison is a native of Oklahoma and has been a resident of Canyon 5 1/2 years. He received his B.S. degree in 1961

(See FILES, page 9)

## Eight High Schoolers Earn All-State Honors

Canyon High School will be well represented at the Texas Music Educators' Association

convention to be held at San Antonio Feb. 8, 9 and 10 with five band members, two choir members and one orchestra member playing with their All-State groups.

The eight Canyon students were named to the All-State Band, All-State Choir and All-State Orchestra during recent regional and area tryouts.

The band members are Brad Garner, Teddi Crager, Vern Zimmerman, Sharon Lumry and Doug Rittenberry. They made

the elite music group in tryouts held at Lubbock last weekend.

In the select choir will be Kelly Forehand and Lauren Fulton, also selected last weekend at tryouts held in Odessa.

Nancy King, to play with the state-wide orchestra, was named in competition held in Amarillo in November.

Regional tryouts for the choir were held in Pampa, and the regional band trials were held in Canyon.

The area for the final selections included the four regions of West Texas, reaching from El Paso to the Oklahoma border.

The two Canyon choir candidates were among 46 students selected from a field of 128 area hopefuls.

The five Canyon bandmen were among 53 selected from a total of 212 area musicians.

In the area trials, each candidate was required to perform individually before a panel of judges. The top qualifiers in each category were named to the All-State groups.

The All-State groups will perform at the state music convention. Band director J.W. King, asst. band dir. Gary

(See HONOR, page 9)

## Five Canyon Men Died In Vietnam War

Until the first month of a year which saw American troop levels in Vietnam reach almost 400,000 men, the war for the majority of Canyon residents was a minutes-long affair on television.

Or it was a few minutes worth of reading in the daily newspaper.

Not many Canyon boys were sweating through the South Viet-

namese jungles during those first few years of the war and those who did managed to return home safely.

Then, in January 1966, Capt. Donald R. Blair, a 27-year-old former West Texas State University football player, came home as Canyon's first loss to the Vietnam war.

Blair was the first of five local

soldiers who lost their lives in the bloody fire fights of Southeast Asia.

He was killed in early January 1966 at Long Hai about 50 miles from Saigon when an Army convoy patrolling was overcome by an ambush.

Aided by only a sergeant, Blair's business was the training of potential Vietnamese officers.

He was just beginning the training for 300 unarmed trainees when the ambush occurred.

"He thought he ought to be there," Blair's mother, Mrs. L. R. Blair, said after learning of his death. "He was devoted to what he was doing. That was his life and we accepted it."

Blair had been on duty in South Vietnam about seven months. He attended West Texas State University on a football scholarship and graduated in 1960.

Hundreds of Canyon mourners attended Blair's funeral here.

Four months later, his 6-year-old son, Scott, accepted the posthumous award of the Silver Star, the nation's third highest medal for bravery in action.

Six months later, Canyon residents learned they had

another victim to the war to mourn.

Word was received in early October 1966 that Lt. Jimmy Brasher, 25, was reported missing in action.

A year later, the Army told Brasher's parents their son was presumed dead.

Brasher was flying a reconnaissance mission when the in-

cident occurred.

The son of Mr. and Mrs. F. V. Brasher of Canyon, the young pilot graduated from Canyon High School and received a bachelor's degree in chemistry from WTSU in 1963. He was commissioned a second lieutenant in the Army the same year.

He had been in Vietnam about seven months when he was

reported missing.

Another Canyon pilot in Vietnam was killed in July 1967.

Maj. John S. Oldham, 31, died when his helicopter was shot down near DaNang.

Oldham was a 1963 graduate of WTSU.

Almost a year later, Canyon's fourth loss to the war was recorded.

Capt. Ronald Shepard was killed in Vietnam in May 1968.

He was a battalion advisor for the South Vietnamese.

While in Canyon, Shepard was an employee of The Canyon News and attended WTSU.

A month later, PFC Daniel Leo Stucker, son of Mr. and Mrs. E. A. Stucker of Umlinger, was killed in combat in Vietnam.

## Residents Are Elated Over Vietnam Peace Declaration

Canyon residents reacted to President Nixon's announcement that a cease-fire has been agreed upon in Vietnam with a vocal "whew" Wednesday.

Local residents interviewed by the News expressed relief that the war has apparently ended, but viewed the President's deal with some skepticism.

"I think it's wonderful," said Dr. Willis Harrison. "I think we've had all the war we can take."

Harrison said he believes the President cannot afford to have the U.S. pulled back into Vietnam, now that the cease-fire has been announced.

Harold Hooks, a Randall County deputy who served as an advisor in Vietnam during 1961-62, said he is "glad the prisoners are going to be free."

"I believe the people will unite better now because the country was divided over this issue."

"The only thing that gets me is what did we really accomplish there?"

John Mann, an Amarillo student at West Texas State University, asked the same question.

"You look back and you see all those guys who died there. What did they die for if we couldn't get a victory? To me this is an all-out surrender," he said.

A fellow student, Gerald Knapp of Canyon, agreed.

"I think it's too bad it has been going on so long," he said. "It's been going on most of my lifetime. It was just a waste of money, time and lives for no reason. I'm glad to see it over and I hope it stays that way, but I wonder if it's going to."

Diane Winn, another student, said she feels the U.S. accomplished nothing in Vietnam.

"I think the initial reason we went there was very good but we can't play policeman like that and I think we've learned it," she said. "If we weren't willing to wage a full-scale war, we just

(See ELATED, page 9)

High temper (reasonably controlled) is a mark of good citizenship—but we tend to remember the few bursts of temper of which we are proud and to forget the many of which we are ashamed.

## Vietnam Touched Lives In Canyon Only Infrequently On Local Level

The war in Vietnam, while it gained notoriety for its omnipresence on nationwide television and in the national press, directly touched the lives of Canyon residents only infrequently in its decade of existence.

If Canyon is accepted as a microcosm of the nation, the war was a far-away environment for most local residents. Canyon suffered the effects of mild student protest during the late 1960s, offered its heart to families of those killed in the war, and fretted over the safety of others serving in Southeast Asia from here.

The front page of the March 27,

1963 Canyon News carries one of the first mentions of the Vietnam war on a local level in the newspaper.

Capt. Robert O'Donald, the article says, returned home after a year tour in Vietnam serving as a pilot. O'Donald had no comment on how the war, which was yet to be recognized as a war, was going for the United States.

That Vietnam was hardly an issue of local concern is attested to by the appearance of U.S. Sen. Ralph Yarborough, who while visiting Canyon in early 1964, didn't mention one word about Vietnam.

Three months later, the News reports that Maj. Philip Hooper

has been reassigned to duty in Vietnam for a second tour.

A year later and an indirect reference to the war is made on the News front page. Draft board officials for the area say "there has been widespread neglect on the part of young men to register for the selective service."

It's October 1965 and antiwar groups in the nation stage cities are organizing mass demonstrations. The first draft-card burnings are publicized.

The Canyon Jaycees react by sponsoring a Flags for Freedom Week, calling for "responsible action in Vietnam using military forces, diplomacy and all other public and private resources to

protect these principles... for the ultimate benefit of all freedom-loving people."

In early November 1965, the draft board raises its quota for Randall and three other counties to 90 men per month, a 20 per cent increase. Draft board members warn that it won't be long before younger men and married men must be drafted.

The same month, the Red Cross sponsors a blood drive at West Texas State University. The blood is to be credited to the Department of Defense for usage in Southeast Asia. More than 460 pints of blood are obtained on campus.

(See TOUCHED, page 9)

by Troy Martin

FROM THE

CANYON RIM

The great tragedy of Lyndon Johnson was that he wanted so much to be loved by everyone that he mistook the noise of anarchy in the streets for the cadence of America's heartbeat.

Because of this he wavered at a crucial moment in Vietnam. Having faltered he could not go on and America was caught in a cul de sac.

I wish that Mr. Johnson could have lived to see peace come in Vietnam. I think he was right in calling for the Tonkin Resolution. I think he was wrong in the way he prosecuted the war after the resolution was given.

I cannot fault him for this. The pressure was too great for most men to bear. I'll go along with Mr. Johnson's statement that any man who reaches the Presidency wants to do the best thing for his country. The awesome problem simply is knowing what is best.

Lyndon Johnson was a man whose career in politics has spanned much of the same era as my own in journalism. I followed his career closely from the time he crisscrossed Texas in a helicopter running for the US Senate against Calculin' Coke Stevenson in 1948.

Johnson was elected by a majority of 87 votes in which the late Duval County canvass figured heavily.

As far as I know, I am one of the few reporters who ever talked to Mr. Johnson point blank about the Duval County count which was attributed to George Parr, the Duke of Duval.

Being a young reporter, I asked

Senator Johnson some brash questions. He was not in the least offended declaring that he had never been personally involved with Parr in any way. He told me he had seen Parr only one time prior to the 1948 election and that was at a distance at a football game.

Senator Johnson called me on the telephone a few months later to ask with some petulance why I was not carrying his weekly news letter in The Olton Enterprise of which I was editor at the time.

When you consider that Olton is not even a county seat and that the newspaper had little more than 1,000 circulation, you will appreciate the lengths Senator Johnson went to in keeping up with what was going on in his state.

In 1955 several large publications around the country were speculating that Senate Majority Leader Lyndon Johnson might be a contender for the Democratic nomination in 1956.

Apparently none of the Washington reporters had talked to him about it. I called the senator and simply asked him: "Senator will you seek the Democratic nomination in 1956?"

I was rewarded with a national newsbreak.

Senator Johnson gave me the story. No, he would not be a candidate. He noted that he had been victim of a severe heart attack and that his only concern at that time was serving out his term in the US Senate.

Wes Izzard, later a bitter

Johnson foe, chided me in his Amarillo Daily News column for counting the Texas Senator out of the Presidential race so early.

When Nikita Krushchev visited the US he announced that he would come to Texas. Johnson's office made arrangements for me to accompany the Russian dictator on the Texas portion of his tour as an accredited newsmen. Krushchev scrapped the Texas trip and I stayed home.

I never spoke to Mr. Johnson again until the summer of 1971 when as a Texas newspaperman I was a guest briefly on the LBJ Ranch on the Perdenales when he shook hands with everyone and said howdy.

I will not attempt to assess the administration of Lyndon B. Johnson. As a Texan, a newspaperman and a conservative I am too emotionally involved.

Let history decide.

Through the medium of television we know our presidents as no generation before us. They come into our living rooms to share most major crises.

We see them literally groan under the weight of the office, a burden which snuffs out their lives. It would take a person with a heart of stone not to develop a feeling of love for a man willing to accept this modern crucifixion for his country.

My sympathy goes out to the Johnson family, especially to Lady Bird, undoubtedly one of the great first ladies in our history.

My deepest sympathy goes to Richard Nixon who now must be the loneliest man on earth.

\*\*\*

The Vietnam war hopefully is over.

Maybe we have learned some lessons.

Not to fight a war of attrition against superior numbers with less than our best weapons.

Not to go to war except in a case so dire that complete victory is mandatory.

Not to commit troops for an indefinite period without complete sanction of Congress.

Nixon is the man of the hour—maybe of the century. I am thankful he did not bend.

Again America has been favored with the right leader at the right time—a man in the White House who understands international statecraft and above all balance of power.

If he proves as proficient in binding up America's wounds and healing her sores then Providence again has been kind indeed.

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

These captivating clowns will soon be capering around town, all in the interest of promoting ticket sales for Carrousel of Stars Talent Show to be staged at 7:30 p.m., Sat., Feb. 3, in the Canyon Junior High School auditorium. Under the greasepaint are Mrs. Harriet Brandon and Mrs. Claudine Lehman of Heritage Woman's Club.

### Final Auditions Set For Show

The third session of auditions for Carrousel of Stars Talent Show will be held Saturday morning, Jan. 27, from 9-11 in the all-purpose room at Rex Reeves Elementary School, before a panel from Heritage Woman's Club.

Members of the club are hoping the turnout of young performers will be as good next Saturday as it was Saturday, Jan. 20. Those selected to appear in the talent show, scheduled for 7:30 p.m., Saturday, Feb. 3, will be announced after all talent has been auditioned.

Heritage Club, the sponsoring organization, will promote sale of tickets for the "Carrousel of Stars" by sending out teams of young women colorfully costumed as clowns to appear on the downtown square and at Palo Duro Shopping Center. They will visit stores and places of business on Saturday, Jan. 27, and Saturday, Feb. 3, from 10-12 a.m. and 4-6 p.m., and on Wednesday, Jan. 31, between the hours of 9-11 a.m. and 4-6 p.m. Tickets are available from all members of the club and Shell's Pharmacy at a cost of \$1.00 for adults and 50 cents for children.

The talent show for young people, grades 1 through 12, will benefit the Neblett Clinic Nursery.

The list of those who have already tried out for the show includes Stan Ely, 4th grade, vocal solo; "The Unknowns," a 5th grade musical ensemble composed of Kevin Dozier, Larry Brown, Terry Miller, April Howard, Traca Cooper, and Tanya Stallings; Kevin Dozier, 5th grade, drum solo; Robin Stidger, 6th grade, pantomime; Khristi White, 3rd grade, piano solo; "Treble Ten," a 6th grade vocal ensemble composed of Susie Wright, Kay Counsellor, Sharon Castleberry, Terry Vaughn, Dena House, Robin Waide, Liz Wheeler, Twila Davis, Judy Acker, Deena Fletcher, and Sandy Warwick, accompanist.

Others who have auditioned are Ellen Seabrough, 3rd grade, piano solo; Tara Tankersley, 1st grade, twirler; Shawn Tankersley, 7th grade, twirler; Doug Palmer, 8th grade, drum solo; Dawn Thurgood, 6th grade, piano solo; Robert Thurgood, 4th grade, guitar solo; Darla Campbell, 1st grade, vocal solo accompanied by Kelli Campbell on ukelele; "The Honeybees," 5th grade vocal ensemble composed of Debra Belyu, Tyra Solbrig, Doreen Davee, and Sandra Mester; "The LLKTJC Bunch," 6th grade vocal ensemble composed of Lisa Erwin, Lynda Foster, Kendra Wallis, Traci Buskin, Cindy Todd, and Janis Delaney; a 5th grade vocal ensemble composed of Teena Berry, Patty Team, Leann Dykes, Teresa Richie, and Jana Brooks; Kendra Wallis, 6th grade, piano solo; and boys' quartet composed of Terry Rudd, Steve Schmidt, Mark Podzemny, and Kelley Dozier.

## Flu-Ridden Eagles Lose To Levelland

The Canyon Eagles, their strength cut to only six players by illness, traveled to Levelland Tuesday night and dropped a 71-50 district game.

Players hit by flu or other ailments were Bob Counsellor, Bobby Team, Bill Moore and Ronnie Cates.

The loss left the boy Eagles with a season record of 11-13 and a 2-1 mark in district play.

Gary Don Byars led Eagle scoring with 16 points and Wayne Pitt was only one away with 15. Other Eagle scoring was Andy Cooper with 13, Gary Gerber with 4 and Ed Lair with 2.

Marcus Johnson led the Levelland five with 22 points.

The Eagles trailed 13-6 at the end of the first period and were behind 28-13 at halftime.

Coach B. B. Kendrick said he had planned to operate slowly during the first half and take only the good shots. "But we missed the good shots," he added.

Kendrick said that because of the halftime deficit, the Eagles had to play their normal game during the second half and were outscored by only six points during that time.

The coach said he felt that his boys played a good game, considering their being forced to play with a weakened roster. He added that he had tried to get the game reset for Saturday but Levelland refused due to radio and other commitments.

The loss left Levelland with a perfect 22-0 mark for the season.

On Friday, the Eagles take on Perryton at home. According to Kendrick, Perryton is even bigger than the tall Levelland team. "It will be a tough game to win if we're not well," he added.

## Indoor Track Season Starts Saturday In Lubbock For WT

West Texas State University's track team opens its indoor season Saturday afternoon in the Lubbock Christian College Invitational.

Other teams entered in that meet at Lubbock are Texas Tech, LCC and Wayland Baptist College.

Buffalo coach Bob Kitchens expects strong sprinting from his group this year, as well as strength in the hurdle events and some field events.

Heading the list of sprinters for Kitchens' Buffaloes are Tracy Dickson, who had a pair of 9.2 times in the 100-yard dash last spring, and Lee Lewis of Houston. Jesse Lethridge, Lubbock sophomore, and Crowell's Kenneth Sellers are strong quarter-milers.

Carl Brown, who was recently named the athlete of the year by the Panhandle Sports Hall of Fame, is a top-flight hurdler. He is the Missouri Valley Conference record holder in both the 50-yard high hurdles and 50-yard intermediate hurdles in indoor events and the 120-yard outdoor hurdles.

Senior Jim Hogan and freshman Larry Lane will head the Buffalo distance runners, while Gary Keim and Lindsey Snodgrass are strong half-milers.

Vaulter Warren Snow is a two-time MVC outdoor champion at 15-0. George Fuller and Jim Childers are strong in the triple and long jump events. Weightmen Marvin Jelf, a freshman from Silverton, and Seminole's Dennis Briggs are strong in the shot event. Kitchens got bad news this week when Kirk Johnson, a junior from Aledo, decided to not return to school.

Johnson is the school's record holder in the discus. He threw

175-1 last spring and was the leading point producer on the Buffalo team.

"Kirk is married and he decided he had rather help his father in the construction business than continue his college education," said Kitchens. "He is a fine young man and I wish him well, even though I regret his decision."

Kitchens has lined up the strongest indoor home schedule in the school's history. The Buffaloes will host three meets this winter in the West Texas State Activities Center, which seats over 2,000 for indoor track.

The Buffaloes host powerful Oklahoma State Feb. 3 at 7:30 p.m. On Feb. 10 the University of Texas at Arlington will be here for a meet. The Buffs host New Mexico State and Wayland for a three-way meet Feb. 17.

Admission for the meets is \$1.50 for adults and \$.50 for students for advance tickets. If purchased at the door, tickets are \$2 for adults and \$1 for students. West Texas State students will be able to attend the meets with their Activity Cards.

The advance tickets are on sale in Amarillo at Buck's and Vance Hall sporting good stores. In Canyon the tickets are on sale at the First National Bank of Canyon and the West Texas State University ticket office in the Student Union Building.

## Less Than Week For Taxpayers Without Penalty

Local taxpayers have less than a week to pay their taxes without penalty to the school, city and county tax offices.

Deadline for paying 1972 taxes is Jan. 31. After that date penalty payments will be added to the tax.

A penalty of 1.5 per cent is charged during February for taxes paid during that month. The penalty is 3 per cent in March, 4.5 per cent in April, 6 per cent in May, 7.5 per cent in June and 11 per cent in July.

If taxes are not paid before the last of June, they are transferred to the delinquent tax rolls in each office and interest keeps stacking up and the possibility of legal action is considered.

In addition to the penalty charges for payments after Feb. 1, delinquent taxpayers must pay a \$1 fee levied by the state legislature to the county tax office.

The city-school tax office doesn't charge the \$1 fee until after June 30.

County and city-school tax assessors expect as much as 97 per cent of the taxes to be collected by the end of January.

### Bald Eagles Play Tonite

The Canyon Bald Eagles and their female counterparts will play their first and only basketball game of the season tonight against the KGNC Four-flushers in the Canyon High School gym.

The women's game begins at 6:30 p.m. with the men's game immediately following.

Chamber of Commerce Manager Roland Black said ticket sales are increasing daily in anticipation of the game, which was won last year by the local home team.

Tickets are still available from members of the chamber board of directors, from the chamber office for \$1 for adults and 50 cents for students.

Money received through the basketball game will be used to help defray costs to replace the "TEXAS" show flags which fly on Canyon streets during summer months with Texas state flags.

Justice of the Peace W. A. "Bill" Wilson has been coaching his Bald Eagle team and practicing his announcing in preparation for tonight's game.

Weldon Trice and A. J. Laquette will be referees for the games.

Famed Author In Canyon

Famed author James A. Michener was in Canyon Saturday visiting the Panhandle-Plains Historical Museum, according to director C. Boone McClure.

McClure said the author of Hawaii and South Pacific and a number of other best-sellers is preparing a book on cattle drives in the old West and visited the museum in quest for material.

Michener spent most of the morning and early afternoon in the museum.

# Knights of Columbus Are Testing Wells

By REBA RAEF  
THE FOURTH DEGREE Knights of Columbus, of Umbarger Council No. 2808, are offering a water well testing program to the Umbarger community. They will test the well of anyone in the entire community and the results of that test will be mailed direct to the owner of the well. Anyone who would like to have their well tested should call either Leonard Batenhorst, 499-2363, Vincent J. Meyer, 499-2589, or Lewie Raef, 499-2164. This is a free service and the Knights invite everyone to take advantage of their offer.

GLENN STOCKER, SON of the Earnest Stockers, left last week, for Ft. Ord, in Monterey, Calif. Glen will serve in the United States Army.

DWIGHT BRANDT, SON of the Jack Brandts, made the Deans' Honor Roll at Texas A & M College, with a 3.64 average. Dwight is a Civil Engineering major.

DONNA NICOLE, INFANT daughter of Joe and Gertrude Grotegut, was baptized Saturday morning during the mass. Monsignor M.F. Schafle officiated at the rites. The God Parents were Jim and Shirley Skarke.

MR. AND MRS. George Brockman went with the Harvey Arthos, to Orange, Calif. to attend funeral services for Mrs. Brockman's aunt. Mrs. Pete Diederich. While there, they visited other relatives in the Los Angeles area. Enroute home, they stopped in Las Vegas, Nev., to see the Grand Canyon and stayed overnight with the Ernest Hollensteins, in Davis Dam, Arizona. The Hollensteins lived in Umbarger for many years.

KAY AND OSCAR Priolas and children, from Daihart, visited the Carl Frische family over the weekend. They attended the sugar beet banquet in Hereford Saturday evening.

SUNDAY EVENING, THE FIFTH DEGREE Knights of Columbus held their quarterly supper in the Knights of Columbus Hall. The wives of the members were

guests. Hosts and hostesses for the evening were the Edward Wiecks, John Wiecks, Carl Hartmans, Jr. and the Joe Groteguts. After the meal, cards and dominoes provided the entertainment.

The Bernard Hartmans, along with the Elroy Arthos, of Umbarger, the Kenneth Hartmans, of Hereford, the Albert Hartmans, of Nazareth and the Gene Fangmans of Vega, returned home Sunday from a vacation trip to the West coast. They visited first in San Francisco, then on to Las Vegas, Nev.

IN THE HIGH Plains Baptist Hospital in Amarillo, Bill Bauer underwent surgery last week. Bertha tells us that Bill is doing

very well. He might enjoy a card from his friends, or you might call him on the phone, as he has a phone in his room.

TOM PAYNE, WHO also was a surgical patient at Hereford Baptist, is now recuperating at his home. Shirley reports that Tom is getting along real well. We wish a speedy recovery to both.

HAPPY BIRTHDAY TO our number twelve child, Kevin, who was 16 last Saturday. Dennis Goettsch, from Canyon, spent the weekend with Kevin and Saturday evening supper guests were Beth and Lewie Raef, Jr. from Pampa and Kenneth, Donna, Linda, Larry, Debra, Karen and David Hartman.

WE WOULD LIKE to offer congratulations to the Wieck boys, to Joe, who was last week named as Resident Conservation Farmer, by the Palo Duro Soil and Water Conservation District, and to Ed, who was elected to the Board of Directors of the Texas and New Mexico Sugar Beet Growers Association. Ed is the first Randall Co. man to serve in this capacity.

THE CATHOLIC YOUTH Organization of Umbarger is sponsoring a talent show, to be held on Feb. 25. The deadline for entries is Feb. 11. Anyone, old or young is invited to take part in the show. You should call Elaine Raemakers, 499-2121, for more information.

MRS. ANTON HANDING is a patient in Neblett Memorial Hospital, in Canyon. Agnes might enjoy having a get well card or two. We wish her a speedy recovery. Guess we'd better say "Happy Birthday" to daughter Mary, who will be 19, on Jan. 27.

MR. AND MRS. J.G. Batenhorst are great-grandparents again. A little daughter was born at Neblett Hospital to Mr. and Mrs. Dan Reinart of Hereford. Mr. and Mrs. Jimmy Jesko of Hereford are the maternal grandparents, and Mr. and Mrs. Isidore Reinart, also of Hereford, are the paternal grandparents.

IN CASE SOME one wants to call in a news item for my column, my phone number is 499-2164.

# Journalist, Villain, Diplomat In Presentations

A first lady of television journalism, a classic villain of the screen, and the nation's highest-ranking career diplomat will be featured on West Texas State University's special programs series for the spring semester.

Appearing will be Pauline Frederick, 17-year veteran of the National Broadcasting Company on Feb. 12, Vincent Price,

famed actor, art critic and gourmet, March 2, and Charles E. Bohlen, Deputy Under Secretary of State for political affairs, March 29.

Each program is scheduled at 8 p.m. in the Activities Center ballroom.

Miss Frederick, NBC News' United Nations correspondent, has been on the scene for

numerous history-making events, including the Nuremberg Trials, national political conventions and elections, the troubled months following the passing of Dag Hammarskjold, and U Thant's decision to accept a new term.

Born in Gallitzin, Pa., she majored in political science at American University, where she

also received a master's degree in international law. She got her start interviewing wives of diplomats and selling the stories to the Washington Star. She made her first overseas broadcast from Chungking in 1945.

Miss Frederick has received many awards and accolades for her work, including the first State of Pennsylvania achievement award for excellence in journalism in 1967, the University of Southern California journalism award in 1967, the Headliners' Award in 1968. She was named "Woman of the Year" for 1964 by the American Association of University Women, and in 1969 was recipient of the YWCA Gold Medal.

She was also winner of the George Foster Peabody Award for her contribution to "international understanding," the DuPont Commentator's award for "outstanding work in the field of interpretive radio reporting," and the McCall's Golden Mike Award for outstanding woman in radio and TV. She was honored by the University of Missouri for distinguished service in journalism.

Miss Frederick was the only woman ever to be elected president of the United Nations Correspondent's Association. Although he has distinguished himself in many roles, Vincent Price is perhaps most famous for his villainous ones. He was the demonic aristocrat with a penchant for torturing wives in the screen adaptation of Edgar Allan Poe's "The Pit and the Pendulum." In an earlier film, "Dragonwyck," he portrayed the psychopathic pirate who attempted to dispatch two wives by giving them noxious bouquets of flowers. And the list of villainy goes on and on.

But off the screen, Vincent Price is a connoisseur of the good things in life — good art, good wine and good food.

Born in St. Louis, his initial aim in life, he says, was to become a teacher and collector of art, an aim stimulated by his purchase of a Rembrandt etching at the age of 12. He attended Yale University, where he majored in art, and later worked toward a master's degree at London University.

While in London he obtained his first theatrical role "as a lark." His debut was in the part of Prince Consort Albert in "Victoria Regina." When the play was later brought to New York, Price played opposite Helen Hayes.

Price holds numerous honorary doctorate degrees and is on the Board of the Archives of American Art, the National Committee of the Whitney Museum of American Art, a member of the Royal Academy of Arts in England, and on the Art Council of the University of California.

With his wife, Mary, he has established a reputation as a gourmet cook and their

"Treasury of Great Recipes," published in 1965, was reissued in 1968.

Bohlen, sworn in as Deputy Under Secretary of State for Political Affairs in 1968, holds the highest-ranking career position in the Department of State. The seasoned diplomat has served in the Department of State since 1929, and under seven presidents.

He is one of the Department of State's senior authorities on Soviet and Communist affairs and has served as advisor and interpreter for the history making conferences at Moscow, Tchernan, Yalta, Potsdam and Dumbarton Oaks.

Born in Clayton, N. Y., he studied at St. Paul's School and Harvard University, where he majored in modern European history. His first diplomatic assignment was that of third Secretary and Vice Consul at Prague. After studying Russian at the Ecole des Langues Orientales he was assigned to the nation's Moscow embassy, where he became Second Secretary and Consul. He returned to Washington in 1935 and served on the staff of the Under Secretary of State. In 1937, Bohlen returned to Moscow and in 1941 was transferred to Tokyo. He was interned after the outbreak of hostilities between Japan and the U.S., and returned to his country six months later.

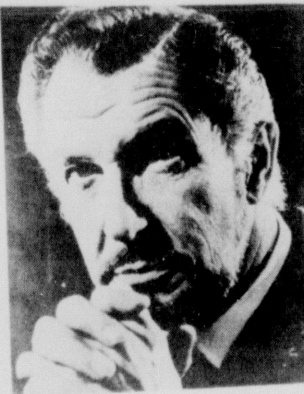

He was named ambassador to the Soviet Union under Eisenhower in 1953 and Ambassador to the Philippines in 1957. In 1962, President Kennedy named him Ambassador to France, a post he held for five years.

Bohlen received the Rockefeller Public Service Award in 1960 and has been granted numerous honorary degrees. He was the first recipient of the James Biddle Eustis "Franco-American Award" and has been given the Grand Cross of the Legion of Honor by the French government.

Tickets for the spring programs are priced at \$2 for adults and \$1 for non-WTSU students. WTSU students, faculty and staff may obtain tickets free of charge. Tickets go on sale to WTSU students and personnel 14 days before the general public begin a week before each scheduled performance.

## Along The Grapevine

By Mary Alice Hines

I WENT TO the nice coffee in honor of Glenn Dowlen, who has retired as County Commissioner, after 22 years of service. Glenn

## Capers Plan For 11th Anniversary

The Canyon Capers and guests enjoyed dancing Monday night to the calls of Knox Day. Special guest was Wanda Maria Paiva from Brazil. Leroy Pitt and Louis Thomas called guest tips.

Plans were discussed for an 11th Anniversary Dance to be held on Feb. 10, 8 to 11 p.m. in the ballroom at the West Texas State University Activities Center. Everyone is invited to attend.

and his wife, Cortez, were presented with a plaque and several lovely gifts. After I congratulated him, Glenn told me that he had been unopposed in every election. I replied, "That proves how satisfied your constituents were with your record and besides, who would be fool enough to run against a man that would certainly overwhelm him at the polls."

At the coffee, Jim Blair, Asst. District Attorney, told me about a nerve-racking experience that he had on a recent ski trip to Red River. He was on the chair lift going up the big mountain when the lift stopped. No one knew how long it would take to repair it so all skiers had to be removed from the lift. Jim said they had to throw their skis down and then climb down a rope. These little incidents can surely take the fun out of skiing for awhile.

JUDY HILL, THERESA Lewis and I recently gave a baby shower for Mrs. Henry (Sue) Lewis. For you men, who probably have never attended one of these rather feminine (I will get three lashes from Women's Lib for that) events, allow me to enlighten you. Imagine if you will a room full of women oohing and aahing over an assortment of precious baby gifts and the honoree, advancing into the last stages of her expectancy, smiling and trying to look comfortable at a time when the possibility of ever being comfortable again seems remote. However, we all enjoy welcoming a new baby into our world.

At the shower, Jean Irwin told of her trip to Columbus, Ohio. Jim and Jean attended the Ohio State Florist Convention, which had an attendance of about 1150 people. The Irwins saw many of the friends they went to Europe with last summer.

As Jim and Jean took off from the snow-laden Panhandle, they were dreading landing in Ohio, a state that usually has a fierce winter. They were delighted to find Columbus was enjoying perfect weather.

HENRY GILL was in town recently. Henry is a first-year student at Tech Law School and has been buried in law books since September. Henry is the son of Mr. and Mrs. Quentin Gill of Happy and a graduate of Canyon High School and West Texas State.

ERNEST (REGGIE) REEVES, a graduate of Tech Law School, has come back to Canyon to practice. He is in the newly consolidated firm of Lair, Brown and Reeves. His associates are well-known attorneys A.W. Lair and Jim Brown.

THE MAROON-MADNESS basketball team has been providing its supporters with some exciting games. Let's all get out and support the Buffs.

DEAN AND MRS. Paige Carruth have returned from their

trip to Hawaii. They attended the Rotary International Zone Institute at Hilo on the island of Hawaii. Dean Carruth was on the committee to plan the program and had gone to Los Angeles in October to set up the Institute. He was on a panel of five Rotarians discussing the role of past officers at the local level. One joking suggestion given to the panel was that all past officers should be bronzed. The Carruths had enough free time to tour the large island and see several volcanoes and hula girls. They were gone for about a week.

DON AND SANDRA McRoberts recently returned from a trip to Florida, where they visited Orlando and Disney World. They stayed at the beautiful Contemporary Hotel at Disney World. A monorail ran through the center of the hotel and would take them to other parts of Disney World.

THE RECENT ICE and snow storms have racked up casualties around town. Wynema Brotherton slipped downtown and skinned her knee badly. Arthur Haley broke a bone in his hand when he was chopping ice with a crowbar. He does not know exactly how it happened, but the crowbar slipped and he ended up with a broken bone.

THAT IS ALL for this week. Y'all let me know what's happening around town.

### The Canyon News

The Canyon News, founded in 1896, is an independent  
newspaper dedicated to the best interest of the community, state  
and nation.

A subscription is \$8.40 a year in Randall and surrounding coun-  
ties and \$10.50 a year elsewhere.

The Canyon News is published Sunday and Thursday at its of-  
fices, 1500 5th Avenue, Canyon, Texas. Second class postage is  
paid in Canyon. Zip Code 79015.

Any erroneous reflection upon the character, standing or  
reputation of any person, firm or corporation which may appear in  
the columns of this newspaper will be corrected upon being  
brought to the attention of the editor.

The Canyon News is a member of the Panhandle Press As-  
sociation, Texas Press Association and National Editorial As-  
sociation.

## Death Takes Man's Mother

The mother of a Canyon man died Sunday afternoon in Borger. Mrs. Emily Lee Thomas, 77, mother of Delmer Thomas of 2011 5th Ave. here, was a native of Perryville, Ark. She was a resident of Borger and Mobeetie. Funeral services were conducted Tuesday afternoon at the First Baptist Church in Mobeetie. Mrs. Thomas was preceded in death by her husband, William Baxter Thomas, who died in 1945. Other survivors include two sons, a daughter, two sisters, 13 grandchildren and 11 great-grandchildren. Funeral services were handled by LaGrone Funeral Chapel of Canyon.

## Former Resident Dies In Amarillo

Graveside services were held Wednesday for a former Canyon resident, Zerrill Jackson (Todd) Steen, 65, who died Monday in Amarillo. Mr. Steen had been a Canyon resident about 20 years before moving to Amarillo from here in 1966. He was a native of Young County. Mr. Steen was a veteran of World War II, a member of the First Baptist Church in Canyon, the VFW and the American Legion. Services were Wednesday afternoon in Memory Gardens Cemetery in Amarillo with the Rev. J. Frank Peery, pastor of the Canyon First United Methodist Church, officiating. Survivors include his wife, Jessie, of the home; a brother, Sam of Alturas, Calif.; sisters, Mrs. Ella Alturas of Perryton and Mrs. Catherine Bralley of Houston. Funeral arrangements were made by LaGrone Funeral Chapel of Canyon.

Justice of the Peace W.A. "Bill" Wilson looks over a drawing of the elevator hydraulic system used in the county courthouse. Wilson told county commissioners Monday he has been told the elevator was installed wrong, and due to malfunction must be repaired. See story on page 1.

## Mrs. Bybee Gets Camp Fire Award

Canyon area resident, Mrs. Sam Bybee, received the annual Wakan Award for outstanding and imaginative leadership from the Amarillo Council of Camp Fire Girls at their annual council banquet and meeting held Tuesday evening in Amarillo. During her years of work with Camp Fire Girls, Mrs. Bybee has served in administrative capacities as leaders chairman, Bluebird Daycamp director, camp counselor, and group leader. She now leads an active group in Canyon and has done much to spread enthusiasm for the organization in this area. Mrs. Bybee also completed a term as board member when a new board was elected Tuesday evening. Also completing a term as board member was Mrs. I. J. Tow, another resident of Mesquero Park. Mrs. Mitchell Jones served on the nominating committee which proposed new officers for the coming year, headed by Mrs. J. R. Freshnack as president.

## Palisades Palaver

# Family Tours South Texas-- Palisaders Attend Cycle Races

By MILDRED TURNER  
MR. AND MRS. Jimmy Vaughn are expecting a baby this summer. They had already made arrangements to adopt another, who will be three in May. This excitement is to take place in August. ELIZABETH MCGAHEY RECUPERATED at her mother's for a few days and came home last Friday. She is feeling fine. Once, I had to remove rollers on the way to the hospital (to have a baby), when I had insisted on doing all twenty nails between pains before leaving home. Anyway, Elizabeth is a pretty lady, hair done or not. Take good care of her, Michael. SOME HAVE CALLED and asked where we got our "Perquackey" game. We got it at "Toys by Roy" in Western Plaza. They also have them at Kiddie City (\$2.95 plus tax).

PEOPLE I MISSED were: Bill Tucker, Jim Wright, Raymond Smith and the Storys. Please call me: 622-0701.

FLASH: STILL HAVE some Watkins vanilla and black pepper. This is for youth camps. SAW JAMES AND Sue Carthel recently and Sue said the extra phone books are stored at Bobby Walker's. Some of you were absent when the books were delivered.

RAN INTO BARBARA and Bobby Hall at the grocery store and their furnace went out during the snow! My vacuum cleaner went out (Oh boy! Hot diggity!). Dora Waldrop's well went out. The well man repaired it temporarily so she could work it manually but I really felt for her having to get out in the snow

to take care of those horses. Her well is fixed now. Dora also had two of her horses missing. After she called, I called to get some help in locating them. Those horses have plenty of "horse sense." They were stranded on top, with an icy slick on the only way down. Dora had to go axe it out for them, but they were in good shape with all that snow for water.

PEGGY, FLOYD, BARBARA and Brenda Oliver went on a trip to south Texas recently. They visited Peggy's brother, Harold Eavenson and wife Marcia, formerly of Canyon, who have built their home at Abilene. Harold is a highway patrol officer and is now with special intelligence. Marcia taught at Gene Howe and is still teaching. While in Dallas, they spent one night each with another of Peggy's brothers and her sister. The family enjoyed a ride in a glass-bottomed boat at San Marcos. They visited Floyd's folks at Port Aransas. They had planned to go deep sea fishing but was cold and windy so he only got in one good day of fishing at Aransas Pass according to Floyd. However, on the beach they watched a load of bananas being unloaded (from the South Sea Islands). The boat was from Germany. They were also told the story of the Russian soldier who rescued the American man and his son who were drowning there in the bay. Of the motels where they stayed, Peggy thought she preferred the Jack Tar at Galveston where her class stayed when the seniors went on their trip (years ago, ha!) One of the high points of the trip was the Astrodome in Houston. The people of Houston were still talking about the surprise (snow)

they had had. While at the Astrodome they met an oriental couple from Taiwan with whom Peggy enjoyed chatting. However, the Oliver girls were too bashful to talk to their handsome son.

SHAME ON YOU Lum, for smashing up little red wagons with your big ole tractor!

OUR DAUGHTER NUMBER two (Sara, John and Heath) was home from Wichita, Kans. over the weekend.

THEY ALL WENT to the motorcycle races Saturday night. The gang from the Palisades were the Gene Webbs, John Bowles, Dan Baileys, Elveta Turner, Joyce McDonald, Berna Carlines, Buster Carlines, Bobby Walkers, and I'm sure there were others. When I asked how Jamie, Joe and Randy did, everyone looked real sad, said they did good at first, got in the finals.... well, you boys had better start doing your own reporting if you want me to have the whole picture!

SOMEONE ASKED HOW come you don't have your picture in the paper with your column? Well... have you ever seen my picture in the paper? It's been in a few times with the Home Demonstration events. If you saw it you can probably guess why. My eyes are either shut or bugged out on stems! When I have to show my driver's license I start apologizing before I ever pulled them out! A neighbor also asked if I was going to start a comic strip.

OUR NEXT PALISADES Home Demonstration Club meeting will be February 1, 10 a.m., at Judy Detten's on the Claude Highway. Becky Hall will bring the program. Come and see what it is; something like "Beware of Being Fed a Line" and in my notes it wasn't too clear as one of the ladies thought it was Beware of Being Fed a Lion! I know it will be good. Bring a sack lunch and the following if you wish to make the decorative pin cushions which Beverly Norman showed: two jar lids and rings, two four-by-four inch pieces of velvet, one-half yard of 3/4 inch ornamental trim. She used gold on hers. Two small plastic styrofoam rings. Nell will bring the styrofoam.

CAROLYN BAILEY WHO has resigned her job at the bank, will be back in club again. Brent had a terrible cold Thursday. It is rumored that Beverly Strecker is quitting work (I'll check with her) but she always enjoyed club so I guess she'll be back with us soon. Also Pearl Vaughn (of log cabin) will be coming to club soon. Pearl is an interior decorator and is great with decorating or creating.

SOME OF THE girls taking

## News Brief

Recent visitors in the home of Mr. and Mrs. J.P. Hammons, 104 12th St., were Mr. and Mrs. Urban Fort of Jerome, Idaho, and their son and wife, Tom and Roberta Fort from Eugene, Ore.

the Stitch and Sew class are: Vicki June and Arlene Hooker, Joyce McDonald, Judy Webb, Judy Detten, Jo Dell Walker and probably others. At club Thursday, Jan. 18, they worked in Lena Edward's dining area on their home projects before joining us in our quilting in Lena's den. Judy Detten had never quilted before. I heard a lot of chattering in the other room but was so busy looking around with one eye and quilting with the other. Lena has new red shag in the den. How does one expect to quilt when there is so much to attract attention! If you've never been in Lena's den, you are in for a surprise. Very unique.

LENA AND LUM are both very creative. Everywhere you look are things they have made. Lum has made a coffee table from a huge drum with old fashioned bathtub legs, covered with starfish shells and overlaid with heavy glass. This is real attractive.

THE CONVERSATION TOPICS now seem to be bones I have made, some not too printable. Nell's was good on the time when the boys were young. She placed her potato salad on the top of the car and helped the boys

into the car and headed toward the park for a picnic. People waved, unusually friendly, laughed and pointed at her potato salad on top of the car. Nell merely waved back. Finally one persistent man kept waving until it dawned on her, and she casually stopped at the red light, and got the salad inside without a glance (as if she always carried her salads on top of the car), and proceeded on to the picnic.

ALONG WITH ALL the fun there were serious sobering events discussed over that quilt: the Madison Square Garden Sports event where the national anthem was omitted; about the murderer who killed her lady and her granddaughter, stuffing the granddaughter's head in the commode, who only received 15 years probation; taking the prayer out of school; the State of Massachusetts banning the singing of Christmas carols about Christ; our admiration for the people of Borger who gathered on cold winter nights to sing carols, folks who would not be denied, who are not puppets or cowards, but red-blooded Americans.

WE WOMEN OF the Palisades are concerned about our country and our homes.

## PTA Sponsors Modern Math For Parents

By TROYCE MULHERIN  
GREETINGS:

EVER FEEL LOST and perhaps somewhat "dated" when the kids ask you to help with the old math homework, and you learn the next day that it was all "wrong?" "All wrong!" after you had spent the better part of the previous evening reading and studying and wondering whatever happened to the old familiar  $2 \times 2 = 4$ ? Well, salvation have received notice of the modern math workshops each Monday evening beginning January 29, at seven o'clock. Mr. Denny Park has agreed to instruct us in this endeavor—which should be a lot of fun, as well as informative. At this time a series of ten meetings has been scheduled, covering basically the same math our youngsters are hopefully absorbing in grade levels first through sixth. If time and interest (not to mention the word "ability") allow, we may even venture into junior high level studies. How about that!

THIS COMMUNITY SERVICE project is sponsored and financed by your PTA, same having been requested by PTA members. Interest is high, so gather up a few pencils some paper and come on over to your school Monday evening. The less confident of us might want to bring along a couple of good erasers, too. Don't want to make this sound too difficult, cause it isn't. After all, our youngsters are doing it, aren't they? Anything they can do, we can do. Some of us (guess who) might be just a wee bit hesitant to start—don't be. Mr. Park holds firmly to the theory that anyone can learn this modern math, if they start at the beginning, and that is just where we will start. Get in on the ground floor! Start Monday!

A FEW WORDS about Mr. Park. He is teaching five sections of Algebra I and one section of Related Math in the ninth grade at Canyon Junior High, and has been coming to the Junior High in Odessa. Before his Odessa experience, he taught in Abilene. Denny and his wife, Sue, have one child, Jan, who is a sixth grade student at Rex Reeves in Canyon. Sue teaches in the English Department at West Texas State University. Mr. Park is a very personable young man, and we will all benefit and learn from

### CHS White Teams Win Two Of Three

Canyon Junior High School white teams took two of three games against Dimmitt Monday night at the junior high gym in Canyon.

Canyon's 7th grade whites downed Dimmitt 29-14 with Glenda Williams leading the scoring with 14 points. Susie Wright scored 7, Brenda Tucker 4 and Renee Mester and Jeanne Woods each netted 2.

The 8th grade white team lost to their Dimmitt opponents 43-35 despite the 20-point scoring effort of Becky Williams. Lisa Cathey scored 8 points and Vickie Miller accounted for 7.

In 9th grade action, Robena Johnson picked up 28 points as Canyon dumped Dimmitt 42-33. Jo Angela Groves added 7, Brenda White netted 5 and Kelly Cox posted 2 points.

### Kids Inc., Teams Resume Schedule

The Kids Inc. basketball teams of Canyon will resume action Saturday morning with a full schedule.

At 8:30 a.m., the 76'ers meet the Chargers, the Panthers play the Eaglettes and the Spiders take on the Fawns.

At 9:20 a.m., the Lakers and Bucks face each other, the Crackerjacks meet the Purple Peanuts and the Hawks play the Spiders.

At 10:10 a.m., the 76'ers and Sharpshooters play and the Fawns take on the Cougars.

At 11 a.m., the Lakers and Celtics meet, the Purple Peanuts play the Fireballs and the Cougars go against the Hawks.

In an exhibition game at 10:10 a.m. Saturday, a 6th grade team from Gene Howe Elementary School in Amarillo will visit Canyon to play the Chargers.

All games are played in the activities center at West Texas State University.

### Name Omitted From Honor Roll

The list of Canyon Junior High School's "Average" Honor Roll students printed in The Canyon News last week should also have included the name of Debbie Wagner, a 9th grade student.

School officials said the omission was apparently caused by the computer which tabulates the honor roll list.

this experience. Probably have a few good laughs on ourselves at the same time. See you Monday evening at seven o'clock at Gene Howe.

THE MENFOLK IN the Philip Langen home cornered the market on birthdays last week, so the entire week of the 29th is reserved for observing Jerrie's birthday on Monday. She will be happily receptive to birthday wishes all week. Many happyes to this lovely lady.

MAY BE KINDA late in the game for this year, but the following information might prove helpful to parents come time to enroll our little darlings in school next year. The Amarillo Health Department is open from 1:00 to 5:30 o'clock each Tuesday and Thursday, and from 7:00 to 9:00 the first Monday evening of

every month for the purpose of administering immunizations at no charge. The clinic is located at 411 South Austin Street, and the phone number is 372-4211. No appointment is needed—just load up the kids and tattle on down during the above listed times. The department also keeps permanent records of the immunizations it gives, so if good ol' mom misplaces her copy, another can be obtained easily for school records, etc. Basic series vaccines are available, as well as booster doses. Take advantage, take advantage.

THAT BUSY AND much appreciated Northwest Texas Hospital Auxiliary held an informative orientation meeting last Thursday at the hospital. Several Gene Howe area ladies were in attendance, receiving

explanations of the types of service the Auxiliary furnishes at the hospital. Jackie Jobe, Dee Delaney, Pauline Hefley and yours truly became members and had their choice of serving either/or on/in the reception desk, admitting office, gift shop, floor hostess, emergency room, pediatrics, and Dial-A-Friend at Northwest Texas Hospital. Services performed at the Psychiatric Pavilion include the gift shop, in the occupational therapy or in the recreational therapy section. Don't know who volunteered for what, but do know that the Auxiliary has gained two fine workers at those named.

SERIOUSLY, NOW, THE Auxiliary is a very worthwhile organization and a rewarding experience for the Auxiliaries.

Those of you who might be interested in giving a few hours a day each week to help those who need and appreciate help, should feel free to call Mrs. Raydell Palmer, President-Elect of the Auxiliary, at 355-3648 for more information. You will have the opportunity to select the service in which you would be most interested, as well as the day and the shift most convenient for you. Want a warm feeling inside? Join! Contribute! Share!

ELIZABETH WILSON, GENE Howe's librarian, has some of those precious puppies left to give away. It is a fact of life that a dog is a man's, woman's and child's best friend. Besides that, when everyone else is perturbed and unhappy with you, your doggie will still love you—regardless of whether you

have stayed out too late, burned dinner again, or brought home an unfavorable grade. Besides, these little darlings desperately need and want a home of their very own to own. Call Miss Wilson at 353-2484 and lay claim to your guaranteed bundle of warmth and happiness.

TIME FOR ANOTHER school board election is rapidly approaching. Saturday, April 7, is the big day. May seem that you have a while to dilly dally around concerning your voting registration, but time does move on! Check yours out and make sure you are in good graces, cause this is an important election for us all. Those registered to vote in 1972 have certificates good until 1974. Those voting in either the general or primary elections are eligible until 1975. Check these

matters out though before assuming you qualify. Those people who have moved from one county to another will need to re-register. Those moving from one precinct to another precinct in the same county will need to submit a change of address and obtain a new precinct number. You out-of-staters who have moved into Randall County will need to apply for a certificate from the word go. Application for a voter's registration certificate can be made at the Tax Office in Canyon, or at the Annex at 3806 Bowie Street in Amarillo. Either office will furnish an application, and the certificate will be mailed to you, or you can hang around while it is being typed up. Either way doesn't take long.

A MOTHER, FATHER, son, daughter, wife or husband may

sign an application as agent for one another, but such agent must sign his own name as agent and circle appropriate status on the form designating relationship to person for whom agent is applying. If you are thoroughly confused by now, or have any doubts or questions concerning your voting status, call the Tax Office in Canyon. The helpful and friendly personnel there will advise you concerning your registration. Do this now, as the deadline for being registered and eligible to vote in the school trustee election is March 7.

SOMEBODY SNEAKED IN another football game on the telly; this happening after being assured that, "This is the last one this year; let me watch it in peace." Never trust a football fiend.

# Skating Party, Pizza Mark Birthday

By TOOTIE BYBEE  
WELL, HELLO AGAIN from our little oasis located in the heart of treeless West Texas!! Buried my Christmas tree and loaded it with all sorts of goodies for the poor little birds and you better believe the chickens and one ole straggly looking turkey have enjoyed it so much. Every time I fill the feeders there they are waiting for their share. I know they are birds, but this is ridiculous!!

## St. Ann's Group Plans Social

The Rev. Jim Bethell addressed a meeting of St. Ann's Council Wednesday at the home of Mrs. Alex Tenorio, 15 Country Club Dr. His subject was the philosophy and purposes of the United Campus Ministry and the need for townspeople to tie in with the university to promote communication between groups of students and faculty.

Final plans for the Winter Parish Social to be held 2-6 p.m. next Sunday, Jan. 28, at the Canyon Community Center were also discussed. The social will offer bingo with many prizes, a bake sale, and German sausage. All people in Canyon are invited to the Winter Parish Social.

HAD A WILD happy time around here Friday night. Lenise finally had her birthday party after waiting patiently for the weather to clear a bit. Took 10 little gals and skated until I was dizzy from watching them go in circles and we dashed over to Shakey's for pizza and a happy birthday song from the piano and banjo player there. Then back home for games and entertainment. Say, can that Kelli Kay Campbell hula, that's what happens when you go to Hawaii. Wish everyone could have seen the skits the girls gave for me, they were all just so precious. Dena is a perfect "Edith Ann." Had a Sonny and Cher, Julie and Dena, and we had to make a mustache out of a squirrel's tail we found in the mountains last year. Boy were they ever groovy. Those who enjoyed the bedlam along with the fun were: Shelly Shenk, Debra Drost, Dena Harp, Tracy Gillis, Michelle Whitehead, Deanna Henwood, Julie Webb, Kelli Kay Campbell (better known as K.K.), Jeanette Ellis, and Lenise. Along for the skating and pizza were Tammy Thompson and Leslie

Bybee. WE SAW LOTS of you all at the skating rink going round and round. Kay Tow and Pam Thrash, who was having trouble trying to turn a corner and cross her feet and stay standing up at the same time. Karen Tow and Dinah. I'll say one thing about the skating, if you're not careful, and sometimes when you are careful, you could very well get your head busted or arm broken. Some of the older boys need to realize it isn't the roller derby and not everyone can skate fast and furious, especially little fourth grade girls. Brought one home with an awful bruised leg and another with a busted elbow and another with a hurt arm. These were all from being pushed into the rail by boys going too fast and chasing each other. Please take care of each other—we are all we've got, each other. And a simple "I'm sorry," sure helps hurts!

cause you had your tonsils out that morning, is that really an excuse... We all send our love and hope you are feeling just great by now and glad that all went well for you and you'll be back talking to us soon. Deann Cooper went to Hereford for her son's ballgame that morning. Well, Ricky hope you won. Shirley flew off to Colorado Springs with her husband, Howard, for a business trip and to visit with all their old friends there. Joyce Minor ended up spending half the day in the doctor's office with baby Marcie who has been sick for a couple of weeks. Hope this finds her all better and most of all hope we have found the cause and will get her well for good. Sue Brooks was home feeling a little under the weather herself. Hope this finds you all feeling good all over this week. Blanche Hudson had to stay home and get prepared and organized for a visit from her parents and parents-in-law from New Mexico. She was glad to do this as she is always glad to see the folks from home and they are always glad to see little Kyle. Ann Tow stayed home with her son Mike who was a little knocked at the last Dahlart motorcycle races. He has a head concussion and golly, do hope he is better this day. Ann did make it over for a while but couldn't take the crowd and we left and went to town and spent too much money! Mariam Clements called and said she was sorry to have missed but had other things come up. I forgave her as she had some papers for my Camp Fire Group—you do something for my girls and you're forgiven almost anything. Been missing the rest of you at the meetings, and hope

## Pleasantview Club Discusses Health

Pleasantview Home Demonstration Club heard a program on health and first aid for the home at their monthly meeting held Jan. 17 in the home of Mrs. Albert Meyers, southwest of the city. Mrs. Joe Rice presided.

The program was presented by Mrs. A. K. Goodman and Mrs. Mead Humphries. Mrs. Humphries spoke on items needed in the home to meet common health situations and on what one should do in a natural or man-made disaster. Mrs. Goodman encouraged members to take a basic first aid course to equip them to handle emergency situations and learn methods of giving heart massage and artificial respiration.

Others present were Meses. J. H. Barrett, Earl Burtz, Cristler Crain, John Robinson, Walter Cranmer, Bill Head, Jim Irlbeck, John Jennings, Albert Meyer, Joe Rice, Edgar Robinson, H. M. Stokes, and R. L. Grigsby, guest.

## Bufs On Road To St. Louis

West Texas State University's Buffaloes take their 1-2 Missouri Valley Conference basketball record on the road this week for games against North Texas State and St. Louis.

The Buffaloes split in their home MVC openers, beating Bradley, 104-101, in overtime and losing to Drake, 91-79. They lost at Tulsa Saturday, 87-84, in a closely-fought contest.

West Texas State has been aided in its three conference games by the coming of age of 6-6 San Antonio junior Hector Rodriguez. He is scoring only 6.5 points per game and averaging 6.7 rebounds for the season, but in Valley play is scoring 11 points per game and pulling 8.7 rebounds.

Rodriguez has joined with Tommy Jordan, Reginald Ramey and Jerry Christian to give the Buffs a fourth big scorer. Jordan is leading the team for the season with a 20.4 scoring average and is hitting 20 per cent in the three Valley games.

Ramey, who is the second leading scorer for the season and the club's top rebounder, is leading the Buffs in Valley play with a 22.7 point per game average. The 6-8 freshman from Philadelphia is scoring 17.4 for the season and averaging 11.4 rebounds.

Christian, 6-6 senior from East Liverpool, Ohio, is scoring 16.3 points per game for the season and averaging 11.2 rebounds. In conference play Christian is scoring 19.3 points per game and pulling 13.0 rebounds.

The Buffs suffered a loss in practice Monday when 5-8 senior guard Kyle Sunderman turned his ankle. It is a big question as to whether he will even make the trip this week.

## Girl Eagles Nip Spearman 36-35

Canyon's girl Eagles, led by a fourth quarter scoring spree by Mendy Sternberg, overcame a game-long lead and beat the Spearman girls for the first time in four years and the first time ever in the Lynxettes' lair.

Sternberg, who got into the game in the third period, came through with 12 points in the final stanza to give the Canyon sextet the one-point win. Miss Sternberg's tallies were the only points posted by the Eagles during that final period in which Canyon held the home town favorites to only four points.

Kim Killingsworth led Canyon scoring with 14 points, while Alisha Nelson and Sheryl Gunter netted four each and Carla Swartzell posted two.

Leann Shieldknight led the Lynxettes with 28 points for the night.

Coach Bob Schneider called the game "a big win" for his team, especially after their losing two in a row including their first district outing against Muleshoe. "We wanted to win," said the

coach, "but most important we wanted to see what type poise and pride we had after losing two straight." According to Schneider, he was pleased that the girls played well when they had to and had been able to come through with the fourth quarter win after trailing all the way.

In the rebound department, Susan Hull led the way with three while Lynn Davis and Kim Killingsworth each snared two. Judy McBroom, Carla Ratliff, Cindy Bullock and Sheryl Gunter each came away with one rebound.

Rating for guards was set at a plus-6 for McBroom, a plus-5 for Davis and Ratliff, a plus-4 for Bullock and a plus-3 for Hull.

The win left the girl Eagles with a 23-5 season record and they still hold a district mark of one loss and no wins. Their next district game will be on Feb. 9 when they host Muleshoe.

Friday night, the girls will meet Panhandle in a home game.

Coach Schneider, repeating that he was happy with the landmark win over Spearman, said his charges still needed to improve if they were to stay in contention for district honors and a chance to retain their state crown. "We have to improve," he said.

## Correction

Monday, Jan. 29, at 8 p.m., Donald R. Baird of the music department of West Texas State University will present a euphonium recital in the Fine Arts Auditorium. Canyon News erroneously gave the day of the recital as Friday in the paper of Jan. 21.

## Boys Win, Girls Lose In Games At Nazareth

The Happy basketball teams, playing at Nazareth, split a pair of varsity games, the boys winning 51-38 and the girls losing 72-41.

The boys trailed 9-6 at the end of the first quarter but pulled ahead by two points at the half, 17-15.

According to coach Gerald Weeks, the Cowboys "kicked it around" during the first quarter but then "started going" during the second period, pulling away in the third quarter.

"We haven't had a good first quarter in a long time," the coach said. "But it wasn't close after the third quarter and everybody played."

Greg Looney led the scoring with 16 points for Happy and Junior Joiner netted 14 for Nazareth.

Other Happy scoring was Lonnie Tackitt 15, Johnny Payne 10, Gary Barrett 5, Don Lee 4, Tim McNeill 2 and Stuart Tackitt 1.

In the girls' loss, they stayed in the game during the first quarter which ended with Nazareth out in front 16-13. By halftime, there was a 10-point spread with the Cowgirls trailing 36-26. From that point on, the taller Nazareth girls pulled away for the 31-point difference.

Becky Via dropped in 24 points for Happy, with Pam Shipman picking up 11 and Brenda Dietz scoring 6.

Elaine Schulte led Nazareth and the game with 25 points.

The Cowboys and Cowgirls will entertain Cotton Center at home Friday night for a pair of varsity district games.

## French Contest Set

Deadline for entry is Feb. 5 for the West Texas division of the National French Contest to be conducted March 31 at West Texas State University.

High school students in any level of French are eligible to test their lingual expertise in the contest, which is sponsored by the American Association of Teachers of French.

Contest divisions are according to the student's present level in French classes. Special divisions for participation are provided for French-speaking students or those who have had advanced training in the language.

Areas of testing are speaking and listening and reading comprehension.

The contest, now in its 38th year, is conducted throughout America. Names of the winners of the area contest are sent to

Austin, where the top state scorers are selected for national competition.

Chairman of the Panhandle National French Contest is Murle L. Mordy Jr., assistant professor of Modern Languages at WTSU.

A feature of this year's competition, Mordy says, "is that no one will go home empty-handed." Each participant will receive a certificate of merit, and top scorers will receive book prizes, he adds.

Test evaluations will also differ this year, Mordy says. Students will not receive numerical scores, rather, he says, they will be evaluated individually.

Contest applications are available by writing the West Texas State University modern language department, Canyon 79015.

## Nursing Department At WT Recognized

The West Texas State University nursing department has received recognition from two accrediting organizations recently.

Mrs. Eunice King, department chairman, said the Texas Board of Nurse Examiners has given the department full accreditation, effective last month.

The department has also been approved for membership in the National League for Nursing, Department of Baccalaureate and Higher Degrees, effective Jan. 1, Mrs. King said.

Membership in the league is the first step in acquiring accreditation by that organization, she added.

The WTSU baccalaureate nursing program began in 1971 with an enrollment of 125. Last fall the number of nursing majors increased to 216, Mrs. King said.

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

DID I SEE that ole sweet Stanley Cook the other day in a pretty blue pickup with a pretty blonde sitting beside him?? Or, are my eyes going bad?? Call me Mrs. Cook. Haven't heard from you in so long and how is Stanley doing?

SAW MR. AND Mrs. Parks out on their bikes the other afternoon and it was cold. Can't keep a good guy down.

THE NUMBER IS still the same. Give me a call. See ya.

states.

"The cost estimates in this report are based on a prior agreement that the tax office has the responsibility and control for assigning the property account numbers and entering all data."

The report also notes that the county has already agreed to pay for the terminal installed Monday.

Among the services which WTSU says it will render through the new computer system are:

- A tax roll for real property
- A roll for business personal
- A roll for automobiles
- Summaries of the rolls giving total land, value and tax
- Statements for the rolls with discounts calculated
- An accounts receivable file and method of entering payments through terminal
- Produce daily, weekly and monthly reports
- Preliminary work on a delinquent tax roll and statements
- Set up a new method to enable data on automobiles to be entered directly from the registration receipts.
- Do preliminary work for preparing the annual reports in August 1974.
- Develop on-line capabilities
- In other business, Justice of the Peace W. A. "Bill" Wilson, who is in charge of courthouse maintenance, told commissioners he has learned that the elevator in the new north portion of the courthouse was installed incorrectly and this is resulting in the loss of about 3 gallons of hydraulic oil per month through leakage.
- Wilson had said that to fix the leak would require \$3000 or more.
- Commissioners instructed Wilson to contact architects for the courthouse building and ask them to meet with the court Monday to discuss the installation of the elevator.
- County insurancecman George Blackwell told commissioners they should contact the City of Amarillo and Happy to discuss an apparent lapse in coverage for firemen from those cities who fight fires in Randall County.
- Blackwell said Randall County is, under the law, responsible for the protection of firemen from other counties or cities who fight fires within the county, but does not have any coverage insurance-wise for them.
- Commissioners approved a request by County Clerk LeRoy Hutton and District Clerk LaQuitta Polvadore to attend a conference in College Station next month.
- Commissioners will meet again at 1 p.m. Monday.

## Water. . .

(Continued from Page 1)

realize that the water to be imported to this area through efforts of water associations will be used for recreational, industrial and municipal use as well as for agriculture.

Currently, Fletcher said, the Randall County organization is still just that.

"We're not doing anything," he said. "People want to participate in something where they can get immediate action. When they go out and the well is dry then it won't take long to get action."

Currently, the Randall County group has no plans for future meetings.

"There's not much we can do if nobody comes to meetings," he said.

## Elated. . .

(Continued from Page 1)

shouldn't have baby-sat the county. There's no way out but to quit."

Capt. Henry Rosser, who is doing graduate work at WTSU and who was scheduled to return to Vietnam for a second tour in early February, is relieved that the cease-fire has been called.

He said he feels the peace will have no significant effect on the Army.

WTSU Professor of Sociology Dr. Hubert Oppe was optimistic about the peace effort.

"I think it will work out," he said.

Oppe said the President should now turn his attention to domestic issues.

"Unless we do something for the underprivileged, neglected, elderly and children in poverty groups we tend to have increased crime rates," he said. "This should free him to work in domestic areas, but whether he does or not is another question."

Oppe predicted that major focus on the international scene will shift to the Middle East.

Dr. Walter Shelly, professor of government, said he believes Nixon has found a way to offer an honorable peace to the American people.

"I think the American people will take the position that our commitment to South Vietnam has finished," he said. "I question whether our government will take that same position. I think the American people believe we've done enough."

Shelly said he thinks that a lasting peace will not come to Vietnam.

"I can't convince myself that a nation like North Vietnam which has been fighting so long and paid such a terrible price—as has South Vietnam—that they will be content with this settlement," Shelly said.

Fletcher said the county unit is associated with Water, Inc., with all local contributions going to that organization.

Apparently lack of interest in the Panhandle's water problems is not limited strictly to Randall County.

Water, Inc., officials in Potter County several months ago couldn't reach a membership of 100, the number necessary to have a board member on the Water, Inc., board.

Nevertheless, says Duncan Ellison, executive director of Water, Inc., in Lubbock, membership in the organization throughout the state is maintaining an almost even level.

But, he said, Water, Inc., officials will launch a major campaign to inform the public about the role of the organization and the need for water for the area after a February meeting set in Amarillo.

Ellison said Water, Inc., is the only organization dedicated to activities which will push a water importation plan for Texas. He noted that the organization carries on lobbying activities in Congress and the state legislature and helps disseminate information concerning water needs and plans.

Currently, he said, a lack of interest on the local or county level leads to a lack of funds, which subsequently leads to a curtailment of activities carried out by Water, Inc.

For example, Water, Inc., is currently coordinating and aiding preparation of reports from the Corps of Engineers, the Mississippi River Commission and the federal Bureau of Reclamation on a water importation plan which would bring water into Texas from the lower Mississippi River.

The Corps of Engineers are studying the feasibility of conveying the water from the river into Texas. The Bureau of Reclamation is studying possibilities for facilities which would carry water once it reaches Texas into areas where the water is needed.

The Mississippi River Commission is charged with studying whether there is surplus water available in the Mississippi for export to the state.

The three entities have been given their responsibilities by Congress, which is studying the plan as its primary target.

Ellison said Congress has funded the studies, which rather than being full-fledged preliminary studies are preliminary studies. He said, though, that enough information is included in the study reports that little effort would be required to convert them into feasibility studies.

Ellison said, then, that work is continuing on the water importation problem.

He said the 1969 constitutional amendment vote in Texas, which failed by a narrow margin, left Texans with a misunderstanding about what their votes

meant.

"That vote as far as a total effort is concerned was three to four years premature," he said.

He charged that about all the Texas vote in 1969 accomplished was to give ammunition to environmentalists and conservationists who are likely to oppose a water importation plan.

Currently he said, the question is not whether Texas should import water. The question is how it should be done.

And, he said, the sooner that question is answered, the better.

"If we're looking to a wait of 20 years," he said, "some people are going to be hurt badly."

Beginning in February with the organization's annual meeting in Amarillo, Water, Inc., will begin a campaign to "keep people informed and knowledgeable."

Ellison said it is important that local residents realize the emergency of the water situation in this part of the state and support Water, Inc.

"We have to have financial support to help us keep those people in Washington informed," he said.

Dr. Willis Harrison

## Files. . .

(Continued from Page 1)

at West Texas State University, and his D.D.S. in 1965 at the University of Texas.

After spending two years in the U.S. Army as a dentist, Dr. Harrison opened his practice in Canyon. He, his wife Mary, and their three children, Monte, 12, Julie, 9, and Ward, 6, make their home at the Canyon Creek Apartments.

The commissioner said "things looked pretty good right now" with revenue sharing about to make possible a new city complex. "We can certainly build the complex without additional money or an increase in taxes," he said.

One of the major improvements made in the city during his term in office, he said, was the building of a one-million gallon storage facility at the city water field near Umbarger.

Another incumbent commissioner, Felix Pierce, has also filed for re-election and he will be opposed by West Texas State University professor Dr. J. Pat Stephens.

The election is set for April 3.

Eugene Noel, rock collector of Canyon, presented a program of slides on rocks and minerals to a Tuesday night meeting of the Golden Spread Gem and Mineral Society in Amarillo.

Members made plans for a booth at the Boat, Sport and Travel Show at the Amarillo Civic Center on Jan. 26, 27 and 28.

"Rock hounds" in the area who may be interested in joining the organization may contact Mr. Noel, vice-president, for further information.

## Kentucky Girl In Auditions

Word about "TEXAS," the musical drama which plays during the summer months in Palo Duro Canyon State Park, spread this winter all the way to Kentucky.

Miss Kay Threlkeld of Prestonburg, Ky., flew to Canyon last weekend to try out for a position in the cast of the "TEXAS" show.

Show directors held auditions for the casting Saturday on the West Texas State University campus and Miss Threlkeld joined 50 other people from 13 schools with homes in 32 cities in trying out. Actors and singers came not only from Canyon and Amarillo but from New Mexico, Oklahoma and as far south in Texas as Austin and the University of Texas.

Miss Threlkeld was playing stock at the Jenny Wiley Theatre in Prestonburg when she learned of the audition dates here for the Paul Green production.

As a junior high school student, Miss Threlkeld and her family camped in Palo Duro Canyon during a trip through the West. While in the canyon, she learned of the musical and went to see an evening performance.

Miss Threlkeld is a theatre major at Murray State University and serves on the staff as a costumer.

Auditions last weekend took the show's directors to Lubbock, also. No more auditions are scheduled until March, when the directors will hear applicants at Baylor University, Abilene Christian College, El Centro College in Dallas, and in Oklahoma City.

## Touched. . .

(Continued from Page 1)

The Canyon Jaycees respond again in February 1966, by sponsoring the flying of U.S. flags along city streets for 12 consecutive days in observance of support of American policies concerning the war in Vietnam.

In April 1966, the same month the U.S. begins the use of B-52 bombers to bomb North Vietnam, Congressional candidate Bob Price visits the WTSU campus and says he will explore the reasons for U.S. presence in Vietnam. Price expresses the belief that the U.S. is justified in being in Vietnam.

The new GI bill becomes effective for veterans who are attending WTSU.

A UPI correspondent, Phil Newsom, visits WTSU and says he believes the Viet Cong are preparing for a major offensive, which if it fails, will write the end of the war in Vietnam. He expresses confidence that U.S. commander Gen. William Westmoreland had the manpower he needs to do the job.

The war in Vietnam will be a long, hard fight, predicts combat pilot Gene Stocker, recently returned to the States in September 1966. He says education is needed for the South Vietnamese as much as is military hardware and manpower aid.

Candidate Price returns to Canyon in October 1966 and charges that the federal administration should bomb the sources of North Vietnamese supply. He calls for measures to be taken to keep "our so-called allies" from supplying the Viet Cong. "I think we have a definite commitment to see the Vietnam war through and to win it," Price declares.

In January 1967, CWO Charles Morris returns to Canyon after a tour in Vietnam and says if the enemy can be found in the dense jungles of Vietnam, they can be defeated.

A major military operation in Vietnam is named for Canyon in May 1967. Floyd Kiser, with the First Marines there, names an operation for his hometown. A search and destroy mission, the operation nets 116 enemy killed with three U.S. losses reported.

Kiser is reported wounded in combat action in Vietnam in July 1967.

A Green Beret, Capt. Alvin Morris, returns to Canyon and says the Montagnards are "pretty good little fighters." He says disease is a major problem in the war zone.

Price, now a congressman,

returns to Canyon and reiterates that the U.S. must win in Vietnam in April 1968.

In May 1968, several speakers from the Students for a Democratic Society (SDS) say they're against the "imperialist war in Vietnam" and oppose the draft.

Joe Johnston, a Canyon soldier, returns and says the troops in the field are dismayed by student protests in America and would like to see a military victory in Vietnam.

The local VFW begins a drive in October 1968 to send Christmas presents to Canyon soldiers in Vietnam. The News says it will supply the names of all local soldiers in Vietnam. The project later mushrooms as Mrs. Randy Buttrill, whose husband is serving in Vietnam, proposes to send large Christmas cards to each soldier.

The members of an Army aviation company come to Happy, their adopted home, and are feted to a meal and day of relaxation before they continue their journey to the West Coast and Vietnam in January of 1969.

Randy Buttrill returns home after his stint in the war and says he feels the U.S. can't win the war because the South Vietnamese are loyal to whoever is in power at the time.

Madame Tran-Thi Cho Thiet, new Freshmen instructor at WTSU, says she's been hiding from bombs in Vietnam ever since she was a small child.

Protest hits the WTSU campus in October 1969 as students say they will support a nationwide moratorium called at mid-month.

Dr. Cornette's tenure as president of the Association of State Colleges and Universities the organization and the National Association of State Universities and Land-Grant Colleges honored President Johnson in 1967 for his contributions to higher education.

Dr. Cornette later was presented at the White House to give the President a copy of the citation.

The citation said in part: "More than any other President, he has moved us toward this goal of educational opportunity for all by providing leadership in formulating the great ideals of the American people into specific and imaginative legislative proposals and cooperating with the Congress for their enactment."

Several WTSU students and Canyon High School students say they will participate.

Later, in November, another moratorium is set, but WTSU officials try to block its establishment. Later officials relent and several speakers call for discontinuance of U.S. efforts in Vietnam.

In April 1970, the director of a drug crisis center at Salt Lake City, Utah, says drug abuse can

## Lower. . .

(Continued from Page 1)

forms they use, which can run as much as \$1400 or \$1500 per year," he said.

Warrick said it would appear logical and much more economical for a firm which specializes in tax office computerization to handle the job than for a new program to be written by the WTSU computer center.

He said he will talk with Mrs. Audrey Bruse, tax assessor-collector, about the situation.

"They never said they wanted anything different," Warrick said. "If they'd wanted something different we'd have obliged them."

be directly linked to the Vietnam war.

A petition is circulated in May 1970 calling on President Nixon to recall American troops sent into Cambodia to attack Communist sanctuaries.

The Republican County Convention adopts a resolution in May 1970 applauding Nixon's Cambodia move.

During that month, another petition is circulated in support of Nixon's policies in Vietnam and Cambodia.

Nine hundred letters from WTSU supporting Nixon are returned unopened from the North Vietnamese in Paris. The bundle is marked "refused."

CamVets, an organization of veterans at WTSU, say in April 1971 that Lt. William Calley is a scapegoat.

Sen. Tower tells WTSU students that all ground troops, except those necessary to protect vital installations, will be out of Vietnam by June 1972.

Peace rumors surrounding the presidential election campaign spur hopes of two Army professionals who are due return to the Southeast Asia theatre. Capt. Henry Rosser and Maj. John Osborne say they hate to return, in an interview in October 1972.

## WT Music Prof In Spring Recital Sign-Ups Due For Voting

Emerson Haraden, West Texas State University music professor whose professional career as a French horn player spans 34 years in orchestras, films, television and theater, will join bassoonist Alan Hawkins of the WTSU music department in the first spring faculty recital Sunday.

Performance time is 3 p.m. in the Fine Arts Theatre on campus. The recital is free to the public.

The duo will perform Marcello's "Sonata No. 5 for Bassoon," Stevens' "Sonata for Horn and Piano," Hindemith's "Sonata for Bassoon and Piano" and Duvernoy's "Second Trio for Violin, Horn and Piano."

Haraden, a member of the WTSU music faculty since 1966, has performed professionally since 1929. His credits include appearances with the Los Angeles Philharmonic, Pasadena Civic Orchestra, San Diego Symphony, New Jersey Symphony, Hartford Opera

Company and other orchestras throughout the country.

A native of Chicago, he worked with most of the major film companies, performing scores for such films as the Bing Crosby comedies of the 1940s and the high-budget westerns of that period. He also played in the Tommy Dorsey band and toured with Spike Jones.

He was in the cockpit for the 1955-63 run of "Kismet" at the Ziegfeld Theater, worked as a musician in the Hollywood Ice Revue and performed before men in uniform during World War II.

Beginning as a professional musician because he says "I had to eat," he attended Juilliard School of Music in 1953, where he received a diploma. From 1955 to 1958, he attended Columbia University, where he received a Master of Arts Degree and a professional diploma in music education.

## Scout Funds Former Math Prof Dies

A longtime eminent mathematics professor at West Texas State University, Miss Edna Graham, died Tuesday at a nursing home in Waco.

She was 91 years old. Miss Graham retired in 1952 after a 50-year teaching career — 33 of them at West Texas State.

After her retirement she lived in Canyon until 1965 when she moved to the Henry W. Stillwell Memorial Residence at Waco, a home for retired teachers.

Born at The Grove near Gatesville in Central Texas, she was educated at Central Texas Institute at Mooday and Sam Houston State Teachers College. She received a bachelor's degree from the University of Chicago in 1916 and a master's degree from Columbia University in 1922.

Miss Graham taught for six years in rural schools near The Grove and for 12 years at Cleburne before coming to West Texas State.

She was a WTSU sponsor of Alpha Chi for many years and served as national president of the national scholastic honorary society for one year.

The chairman of the WTSU mathematics department, Dr. H. L. Cook, said Miss Graham's influence is still felt when mathematicians gather. She had the ability and the strong will to make good students superior and fair students good.

Services were at 4 p.m. Wednesday at Scott's Funeral Home, Gatesville. Burial was at Restland Cemetery there.

Survivors include three sisters, Mrs. Lou Homan of Waco; Mrs. Nannie Webb of McGregor; and Mrs. Byrd Arnold of Santa Anna.

The family has requested that memorials be made to the Edna Graham Division of the Opportunity Plan, Inc., loan fund or the Edna Graham Math Scholarship Fund.

**New Baby Girl Born To Booths**

Mr. and Mrs. Charles W. Booth of Canyon are parents of a new baby girl, Dana Delese, born Jan. 17 at Nebbett Memorial Hospital. She weighed 6 lbs. and was 19 inches long at birth.

The maternal grandparents are Mr. and Mrs. J.I. McWhirter of Spearman.

Mr. and Mrs. G.C. Booth of Canyon are the paternal grandparents.

Dana Delese is the Booth's first child. The father is parts manager at Stevenson Motor Co.

**O.E.A. Planning Valentine Party**

The Canyon High School Office Education Association last week held its regular meeting and made plans for a Valentine party for needy children.

An upcoming Area 2 youth leadership contest was also discussed. Students planning to take part in the contest are D'Aun Revel, Elizabeth Zachery, Craig Henderson and Jim Madewell.

The contest consists of different competitive areas in the field of office education.

Jim Madewell and Craig Henderson were elected as voting delegates to the association conference. President Marla Phillips presided over the local meeting.

**Rev. Watkins To Preach Sunday**

The Rev. Clayton Watkins, director of medical social services at High Plains Baptist Hospital, will be preaching Sunday, Jan. 28, in the pulpit of Calvary Baptist Church. He has a degree from Wayland College and Southern Baptist Seminary at Louisville, Ky.

The pulpit at Calvary Baptist Church was recently vacated by the Rev. Mel Hardin. A pulpit committee is now in formation to select a new minister.

Calvary Baptist Youth Choir will have a retreat at High Plains Baptist Encampment west of Canyon beginning at 4 p.m. tomorrow and ending at noon Saturday. The Youngblood Singing Group will perform on Friday night.

# Jaycees Consignment Farm Sale Scheduled Feb. 10

By MARY NEAL HENRY  
**HAPPY JAYCEES WILL** soon be sponsoring their Community Farm Sale. . . February 10, in fact. But you have to have everything consigned that will be advertised on the sale bill by this Saturday, January 26. Consignments will be taken right up to the sale, but they just won't be listed on the sale bill. The sale will be held this year at the Happy Baseball Park. Auctioneers will be James Cruise and Jack Dulin. To consider something to the sale or for information, call one of the chairmen of this project: George Tirey at 749-4692 or Dick Foster, 764-2182.

**HAPPY JAYCEE-ETTES** will open the concession for the Community Farm Sale. They'll be selling steak sandwiches, frito pie, spud nuts, coffee and cokes. Circle this day on your calendar — February 10.

**THIS IS NATIONAL Jaycee Week.** To emphasize this, Happy Jaycees held their annual Distinguished Service Award Banquet. George Tirey gave the Invocation and everyone was served bar-b-que and all the trimmings buffet style by Sutphens of Amarillo. Lloyd Rahlis, Happy Jaycee president, welcomed everyone and spoke briefly. He brought your attention to a little sign that someone had come up with which said, "Do Something! Lead, follow, or get out of the way." This sums up the Happy Jaycees' feelings. And their goal is to be a number ONE Club in the State of Texas this year.

**WALLACE MOTOR COMPANY** received the plaque for the business that was the most help to the Happy Jaycees during the current year. Elbern Wallace accepted and received a loud ovation.

**DALE WHITLOW RECEIVED** the plaque for having been the individual who helped the most during the current year. He, too, received an ovation and encouraged the Jaycees in their projects by telling them to remember, "You're going to have criticism on everything you do. If you are not being criticized, you aren't doing anything." A total of 103 attended this year's banquet. It is wonderful to see the people of Happy support this organization with their presence. They are a grateful organization. The Jaycees are very proud of their successes in the past year and this is their way of showing their appreciation for your support.

**JUDGE AND MRS. Jack Driskill** of Tulsa attended the Happy Jaycee DSA Banquet last Saturday evening.

**KATHY ALLEN AND Jerral Mayes** were married in a double ring ceremony on Friday, January 19, at 7:30 p.m. in the First Baptist Church of Happy. Rev. Paul Heil officiated at the ceremony. Mrs. Phoebe Heil played the traditional wedding music.

KATHY IS THE daughter of

Mr. and Mrs. Bill Allen of 2814 Magnolia in Amarillo and Gerald is the son of Mr. and Mrs. J.S. Mayes of Happy.

**BRIDESMATRONS WERE** LINDA Swanson and Glinda Dempsey. They wore gowns of a magenta hue with matching headbands and carried nosegays of pink carnations.

**PAUL SWANSON WAS** best man. Emil Ross Shipman was groomsmen.

**THE BRIDE, GIVEN** in marriage by her father, wore a bridal gown of white satin and lace. The lace of the bodice was repeated in appliques of lace on the satin overskirt and cathedral train. Her veil was trimmed in lace and attached to a crown of sequins and pearls. She carried a bouquet of white carnations and streamers atop a white Bible covered in satin and lace.

**THE COUPLE WAS** honored with a reception at Mr. and Mrs. Mayes'. Out of town guests were Mr. and Mrs. Bill Allen, Gary, Tracey and Dean; Jim Mayes and Mrs. Bertha Barrett, the groom's grandmother, all of Amarillo.

**AFTER A WEEKEND** wedding trip, the couple will be at home in Happy. They have rented the Presbyterian Manse.

**DAVE AND TRA McNeill** are the parents of another baby boy, Mark David, born Tuesday, January 16th, at Neblett Hospital in Canyon. Mark weighed 7 lbs. 7 ozs. and was 20 1/2 inches "tall." Mother, son, (and father) are doing fine. The big brother is Mike. Grandparents are Sonny and Jeanette McNeill of Wayside and Happy and Mr. and Mrs. Bill Koib of Lubbock.

**GLENN DOWLEN, COUNTY** commissioner for twenty-two years, and his lovely, vivacious wife, Cortez, were honored at the courthouse on the occasion of Glenn's retirement. We lived about three miles from Glenn and Cortez during the first years of our married life. They were our neighbor and some of the time our employer, and we can brag on

## GS Cookie Sale Slated Feb. 2-9

Girl Scouts will be on the streets Feb. 2-9 pushing their Annual Cookie Sale to earn funds to support activities of Canyon Girl Scouts in the coming year.

The five kinds of cookies to be offered this year are cocoa fudge, chocolate and vanilla creme, Scotch tea, thin mints, and Savannahs (peanut butter sandwich cookies). They will sell for the usual price of \$1.00 per box.

As the girls call at homes, they will take orders for the cookies, which will then be baked by Bury Cookie Co. in order to be delivered fresh on March 28 or 29. Customers will pay on delivery.

Each scout troop gets to keep 10 cents of the selling price to use as the members wish. The Canyon Girl Scout organization gets to keep 47 cents of the price of every box for their expenses.

Cookie sale chairman is Mrs. Phyllis Ormsby, who may be contacted at 655-3478.

the both of them. They are truly a fine family. I voted for Glenn at least twice after he wasn't going to run for commissioner again. . . and maybe three times. Even now, he surely has mixed emotions about retiring, as anyone usually does confronted with a similar decision. Just couldn't pass the opportunity to wish Glenn and Cortez well and add my thanks for all they've done for this family.

**HAPPY CHAPTER OF** the Order of the Eastern Star entertained visiting chapters with a salad supper and friendship night on Tuesday of last week. After a supper of chicken spaghetti, salad, and pie, Viola Buchanan, Worthy Matron of Happy Chapter welcomed the guests. Bennita and Bob Skidmore of Panhandle brought the program. Bob sang a medley of songs and Bennita accompanied him on the piano. They were really good. Johnny and Virginia Farrell, also of Panhandle, came over with the Skidmores. These were long-time friends of Harold and Mary Sue Eakes.

**TWO GRAND OFFICERS** were present. These were Willie Butler, a member of the Builders of Tomorrow Committee, and Joe Foster, Masonic Citizenship Committee, both of the Grand Chapter of Texas, Order of the Eastern Star. They were introduced and presented in the East. After the business meeting, chapters were recognized and everyone introduced themselves. Seven visiting chapters were represented: Canyon, Hereford, Amarillo's Tascosa and Bonita, Lockney, Panhandle, and Plainview.

**CANYON EASTERN STARS** who attended were Bill Mayfield, Santa Clark, Mae Johnson, Ruth Hill, Lou Ella Patterson, Ada Busted, Rae Walters, Doris Gilham, and Osie Parsons.

**DALE WHITLOW WAS** superintendent of the Tulsa Fat Stock Show. Many other Happy adults (from Happy) helped. Alan Fowler won the Hampshire Sheep Breed Champion and Neal Odom won Reserve Champion in the same class.

**J. HORACE MCCARLEY** won the Grand Champion Duroc Breed of Pigs and Stuart Tackitt won Reserve Champion with his Duroc. Dave McGavock won the Chester Whites. Mark Tackitt won Reserve Champion Hampshire.

**EDDIE JOE PEARSON** won second with his lightweight Hereford steer and Breed Champion with his crossbreed calf. This steer went on to win Grand Champion of the show. Eddie Joe took this crossbreed calf to Amarillo and won second place with him out of over fifty in his class.

**STUART TACKITT WON** first place in swine showmanship at Swisher County Fat Stock Show. J. Horace McCarley won second and Alan Fowler, third. Congratulations!

**THERE WERE APPROXIMATELY** 98 steers, 223 lambs and 127 pigs at the Swisher County Stock Show this year.

**ANDY BUTLER WON** 17th of the 57 lambs in his class at the Amarillo Stock Show and Alan Fowler won 15th.

**J. HORACE MCCARLEY** won seventh place with his lightweight Duroc at the Amarillo show.

**SPICER GRIPP, A** good friend and rancher at Hereford was attending the rodeo at Amarillo over the weekend. Jody Miller was including a member of the audience in her singing act. Seems as if several of Spicers "friends" volunteered him to entertain them. He suggested to Jody that they sing "Cowtown," but Jody stayed with the planned program for the evening. While Jody Miller sang, Spicer sang "honey" everytime Jody squeezed his hand. I'm told he really "gave it his all." Sorry I missed that performance. It would have been well worth the price of admission.

**THE SUNNYHILL HOME** Demonstration Club met Thursday morning with Joy Bryan. Mary Jane Miller played the

piano while the group sang "Beautiful Texas." Roll call was answered with "A Rule for Keeping Your Medicine Chest Safe." Maurine Allison was elected as Sunnyhill's nominee to council to be a delegate to the District Convention. Barbara Danner introduced Mrs. Anna Lee Ward, of Amarillo, who presented a program on fashion and dress. The main topic of discussion was gloves and hosiery.

**MRS. WARD GAVE** a history of the wearing and the making of gloves and explained how to fit oneself with hosiery. She also brought many items of jewelry to show. Cake and coffee were served to Mary Jane Miller, Barbara Danner, Maurine Allison, Jo Hand, Helen Bryan and Rowdy, Shirley Williams, Phyllis Bryan and Chad Moore, Joy Bryan and Kent, Gwen Tueck and Melissa, Anna Lee Ward, and myself. The next meeting is planned to be with Maurine Allison on February 1, but the agent will be unable to be with us at this time. We'll have to change either the day or the program.

**MRS. CLARA HARDWAY** is a patient in the Southwest Osteopathic Hospital in Amarillo. She had surgery on Tuesday. Remember this family.

**GEORGE USELIDING HAS** been in Neblett Hospital again.

**BUCK MCCARLEY RETURNED** to the Veterans Hospital at Albuquerque this week. **HOMER KINSEY IS** a patient in Neblett Hospital. He is doing much better, but Nora has the flu and is very ill. Remember Homer and Nora. Willie Butler stayed with Nora part of this week.

**JACK POWELL IS** a patient in Neblett Hospital.

**MARY MAYES, LINDA Swanson** and Glinda Dempsey attended Diane Culwell's bridal shower on Tuesday afternoon.

**LISSA AND DOTTIE Foster** gave Patricia Nan Geathreux a farewell party at the Jaycee Hall on Saturday before the Geathreux's move. Those who enjoyed the games and food were Patricia Nan Geathreux, Bonnie Briscoe, Becky Stubblefield, Nancy White, Nancy Woods, Lissa Foster, Danny Bell and J.T. Henry.

**CHAD MOORE, A** very young cousin of Phyllis and Eddie Bryan, was visiting Phyllis and Eddie last week.

**DOROTHY MAGNESS, WHO** recently had a heart attack, was released from the hospital last Saturday. The release was a few days premature because of so many cases of influenza. Dorothy is going to have to take it very easy.

**MRS. ODIE (FRANCES) Hudson** underwent surgery in St. Anthony's Hospital on Monday morning.

**LIVIA DAVIS HAS** recently been a patient at St. Anthony's, but is home now and doing better. Take care Aunt Livia.

**JIMMY MCNEILL'S BRIDE** to be, Cynthia Nail, was honored with a bridal shower last Thursday evening in the home of Mrs. Jim Christopher. We were greeted at the door by Mrs. Christopher, Mrs. B.F. Nail, Cynthia, and Mrs. R.C. McNeill. Spiced tea and coffee, cakes and cookies, mints and nuts were served from silver appointments on a white clothed table centered with royal blue flowers and candles. Hostesses for the occasion were Mesdames Jim Christopher, Eldon Baker, Bill Cooper, Dwayne Dennis, Roy Forehand, R.B. Gist, Jr., Richmond Hales, Duane Howard, Pete Leavitt, John Plaster, Jess Rhodes, Larry Suttle, and LeRoy Wooten. Sheri and I visited with Mrs. A.A. McNeill, Geneva McNeill, Camilla Rhodes, Anna Lee, Gay Fellers, Ollie Nichols, Kathy Moudy, Mallie Sheets, Hermon McNeill, Skip Simons and Dottie Foster had also called.

**CYNTHIA NAIL AND Jimmy McNeill** will be married in the Fritch Church of Christ on February 3. They will be honored with a bridal shower in Fritch tonight. The couple will reside in Canyon.

**ALICE AND RONNIE Middleton** went to Ruidosa, N.M., skiing last weekend with Sue and

Pat George and other friends. **JEANETTE AND SONNY McNeill** flew to Lake Bronson, Minn. on Friday on business. Phyllis and Dick Ratjen started to go with them but Phyllis became ill and had to return home. The McNeill's returned yesterday.

**SANDRA PENN (Mrs. Billy Penn)** and her sister, Sharon Gray, and two nephews, Scott and Cameron, of Amarillo, were in Happy shopping on Friday afternoon.

**LEONA AND MERLE McFarland** and Donna Johnson were in Dallas at market last weekend.

**SANDY WOODS, DAUGHTER** of Vivian and George Woods, made the dean's honor roll during the Fall Semester at Wayland Baptist College. Sandy is a junior pre-med student. She is activity chairman for Theta Alpha Psi sorority and as activities chairman for Sigma Alpha Iota.

**JANET MOUDY MADE** the dean's honor roll with a 4.0 grade point average at Lubbock Christian College during the Fall Semester. She is the daughter of Kathy and Alvin Moudy.

**EVERYONE ASKS, "WHO is Lena Jordan?"** Finally found out that she has rented an apartment in Happy.

**THE HAPPY BAND** Booster Club met on Monday evening. They met the new band director, Surry Gilham, a graduate student of West Texas State University. Mr. Gilham has one year experience and expects to complete his masters this year.

**HELEN AND CARL Bryan** and their Rowdy, attended the inaugural festivities honoring Governor Dolph Briscoe and Lieutenant Governor William P. Hobby. The Bryans left on Monday night and arrived in Austin early Tuesday morning, checked into their motel, and went to the prayer breakfast. There, Tom Landry, famous Dallas Cowboy coach, delivered the meditation. Helen considered it very impressive. After breakfast, they toured the capitol building with Byron Poff as their guide. Byron Poff explained everything about the capitol and its fixtures and decor. They also spoke with Max Sherman.

**THE INAUGURATION** took place at high noon. At three, the parade traveled one and a half miles down Congress Avenue and ended at the state capitol. The Uvalde Band led the parade. Canyon had a float in the parade. The float depicted "TEXAS" and some of the cast.

FROM FIVE TO seven p.m. a

public reception in the capitol rotunda honored Gov. and Mrs. Dolph Briscoe and Lt. Gov. and Mrs. William P. Hobby. Cookies, coffee and cokes were served.

**HELEN AND CARL** had tickets for the ball, but were unable to attend because Rowdy became ill. Charles Nash was chairman of the inaugural festivities. Lewis Timberlake was on the inaugural publicity committee. Many of you heard Lewis Timberlake speak at a Happy Jaycee Installation Banquet. He is a dynamic personality.

**THE CARL BRYANS** stayed in the Villa Capri just across from the Lyndon B. Johnson Library. They visited the library. On the way home, they came by Johnson City and visited LBJ's childhood home and museum at Johnson City. They drove by the ranch and returned on Wednesday night.

**HELEN WAS IMPRESSED** with the service at the restaurant in their motel. They brought Rowdy a menu and colors and asked him to color what he wanted to order. Of course, they gave him the menu and colors. When the meal was finished, the waitress took him to a treasure chest and gave him the toy of his choice. Rowdy really enjoyed the Texas Inauguration.

**CAROL AND ELMO Edmonds** and Carl and Helen Bryan attended the Fat Stock Show and rodeo in Amarillo.

**DIXIE AND HOBIE McManigal** are the parents of a new girl, Kay Denise, born January 18 in Artesia, New Mexico. Kay weighed 6 lbs. 10 ozs. and is nineteen inches long. She has a sister, Kim, 18 months old. Grandparents are Alice McGehee and Mr. and Mrs. Hobart McManigal.

**DON CARR JUDGED** the Cutting Horse Contest at Amarillo Fat Stock Show on Sunday. Don and Mildred Carr were at the junior high ball game on Monday evening at Happy. They and Vivian Woods rushed back from Amarillo with Eddie Joe Pearson and J. Horace McCarley. I enjoyed visiting with Don and Mildred. Don brought Jim's (his and Mildred's son) cutting horse to enter the cutting competition taking place Tuesday afternoon. After that they will return home. Jim is a senior in high school and was unable to attend this show.

**JOE SIMONS, JIM Latuda** and Rick Montero, all of Trinidad, Colo. ate supper with Skip and Larry Simons on Sunday night. Jim Latuda showed stock at the Amarillo Fat Stock

Show. Joe Simons is Larry's father.

**WENDY SIMONS OF** Amarillo, Skip and Larry's five-year-old niece, spent three days of last week with Skip and Larry while a member of her own family was in the hospital.

**FRESHMEN GIRLS WON** second at the Freshmen Basketball Tournament in Happy last weekend. On Thursday, the girls beat Nazareth 38 to 19. On Saturday Silverton beat them by six points for first place. Freshmen boys won 3rd place. The boys lost to Hart and won over Kress. There was no all-tournament team.

**THE JUNIOR HIGH Boys** Team beat Spade on Monday night 36 to 23. Steve Hawthorne was high point with 15 points. Those boys played an excellent game. Many times during the game they looked like polished ball handlers—especially for their ages. The girls lost 8 to 36.

**KAREN SIMS, DAUGHTER** of Mr. and Mrs. Weldon Sims, will be installed as Worthy Advisor of the Happy Rainbow Assembly on Saturday, Jan. 27, at 7 p.m. in the Masonic Lodge at Happy. All relatives and friends of Rainbow girls are invited.

See ya, Mary Neal

Children at the Town and Country Kindergarten in Canyon this week have made a study of the American Indian, designing costumes and making tepees and canoes

and taking part in an Indian meal. Pictured here are Kelly Glazener, Emily Baker, Sam Harrel, Brian Oliver, Sheri Kite, Lori Roth and Leslie Chumbley.
